

CORPUS CHRISTI BUSINESS AND JOB DEVELOPMENT CORPORATION

Four (4) vacancies with terms to 9-30-2024. (Historically, the same persons serve on both Type A & B Corporations).

Duties

The Corpus Christi Business and Job Development Corporation is organized exclusively for the purpose of benefiting and accomplishing public purposes of, and to act on behalf of the City, to undertake, maintain and finance projects through Propositions 4 and 5 approved by voters on November 7, 2000 and Propositions 2, 2a and 2b approved by voters on November 5, 2002.

Composition

The affairs of the Corporation shall be managed by a board of directors which shall be composed of seven persons appointed by the City Council. The terms of the directors shall be two years, expiring on September 30. Directors may be appointed to succeed themselves. No Director may serve longer than six years consecutively, unless such service is required to complete an unexpired term. Each director must be a resident and qualified elector of the City. Once a director has served for a total of six consecutive years, unless an exception under the City Charter applies, his or her term shall immediately expire and his or her position shall become vacant.

Creation/Authority

Res. No. 024207, 9-12-00; Res. No. 024233, 9-25-00; Res. No. 031519, 8-21-2018.

Meets

3rd Monday of every month at 2:30 p.m.,
City Hall - Council Chambers

Member size

7

Verification

City Code Requirement - Residency

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served.

I Agree

City Code Requirement - Attendance

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

I Agree

Consent for Release of Information

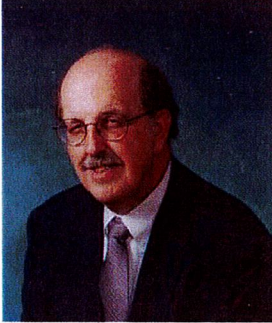

I understand that if any member of the public makes a request for information included in this application or in any attachment (e.g. resume or supporting documentation) for appointment it is subject to and must be disclosed under the Texas Public Information Act. I understand that under the Texas Public Information Act, my home address and home telephone number is subject to public disclosure unless I am elected or appointed to the position which I seek. I hereby consent to the release of my home address and home telephone number should it be requested under the Texas Public Information Act prior to my possible appointment or election. I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Texas Public Information Act.

I Agree

Oath

I swear that all of the statements included in my application and attached documents, if any, are true and correct.

I Agree

Carl E. Crull, P.E.

Mr. Crull's experience includes Municipal and Consultant Engineering, Engineering Management, and City Management. In Kansas City, MO, he worked for the City of Kansas City Engineering Division—Storm and Sanitary Sewer, Subdivision Review, Construction Management, and Streets & Structures divisions; and served in the 110th Combat Engineers Battalion, Missouri National Guard.

HONORS

Nueces Chapter TSPE
Engineer of the Year 1998
Univ. of MO Distinguished
Civil Engineering Alumni
2010

Seeking a faster career path and warmer weather, in 1979 he relocated to Corpus Christi, where he first was employed by the **City of Corpus Christi** as **Chief Design Engineer**. Promoted to **City Engineer** (1987), he moved up to **Assistant City Manager—Public Works & Utilities** (1994), **managing 11 City departments with 1100 employees**. Significant projects during his tenure include permitting, construction and opening of a 2200-acre regional sanitary landfill; permitting, design and construction of the 104-mile, 64-inch diameter raw water Mary Rhodes Pipeline, from Lake Texana to Corpus Christi, augmenting regional water supply. (Water delivery began 24 months after project authorization, fast-tracked by severe drought nearly depleting storage in two existing reservoirs.) He also helped acquire additional water rights from the Lower Colorado River, and construction of Mary Rhodes Pipeline Phase II.

In 1999, Mr. Crull joined **HDR Engineering** as **Vice President** and Manager of the small Corpus Christi office, successfully diversifying HDR's local services and increasing area client base. In 2005, he originated acquisition of *Shiner Moseley Associates*, a large local firm with port and marine structures, and coastal engineering specialties, significantly increasing HDR's capabilities in the South Texas region and coastal United States. During this period of company-wide acquisitions, HDR, Inc. became a larger national, then global engineering and architecture company. He retired as Marketing Director in 2016.

In 2016, Mr. Crull formed **Crull Engineering, LLC** to continue providing quality consulting engineering and program management services to the community and area.

Mr. Crull has a wealth of experience in municipal water (supply, treatment and distribution) systems, wastewater (collection and treatment) systems, storm drainage systems, streets, airport, public buildings, and marina facilities. He also has experience in the administration of city land use ordinances (platting and zoning). He enjoys excellent working relations with numerous organizations including regional cities, Nueces and San Patricio Counties, Texas Department of Transportation, Texas Commission on Environmental Quality, Port Corpus Christi, FAA, EPA, Texas Water Development Board, Nueces River Authority, a broad base of community leaders and consulting firms.

He currently serves on the **City of Corpus Christi Planning Commission** (City Council appointment); **TWDB Region N Water Supply Planning Group**; **Texas A&M University-Corpus Christi Engineering Advisory Council**; member of TAMU-CC and Texas State Aquarium President's Councils; Downtown Rotary. Previously served on United Way of Coastal Bend Board (12 years, 4 as Treasurer), University of MO Engineering Alumni Board (6 years) and Texas Council of Engineering Companies Board (4 Years)

PROFESSIONAL EXPERIENCE

Mr. Jesus J. Jimenez, P.E., is a Structural Engineer with over Nineteen (19) years' experience providing complete engineering services for the design, analysis, inspection, and evaluation of structural systems. Mr. Jimenez has been in charge of structural analysis, design, construction supervision and inspection of many commercial and industrial facilities including vessel supports, pipe supports, platforms, cranes, monorails and access ways. Mr. Jimenez offers comprehensive, technical expertise with respect to design/coordination of numerous commercial, industrial, and marine structural projects consisting of shopping centers, office buildings, schools, hospitals, warehouses, ship docking facilities, structural analysis of highway bridges, cranes, and piping structures, general civil/structural design, and safety inspection and modification of bridges. In his professional capacity, Mr. Jimenez has successfully performed numerous facility projects that required the implementation of ADA design guidelines and compliance. Clients for these projects include the following: RTA, Nueces County, The City of Corpus Christi, Architects Ferrell/Brown, Richter, BMST, among others, Port of Corpus Christi Authority, CITGO Refining (Corpus Christi), CITGO Refining (Lake Charles LA), Anteon Corporation, Gulf Copper Ship Repair, and Gulf Compress. Mr. Jimenez is proficient in many computer programs including STAADPro, Lpile5, RAM, RISA Baseplate, IES Quickwall, and more.

KEY PERSONNEL RESUME

KEY REPRESENTATIVE PROJECTS

NAS Corpus Christi – DHS Parking Apron Recapitalization Project – Project Engineer / Project Manager for the engineering and design of the removal and replacement of approximately nine (9) acres of existing asphalt and replace with twelve (12) inch unreinforced 650 flex concrete. Scope of work also included the implementation and routine inspection of the storm water pollution prevention plan, as well as construction and quality control inspections.

Project Cost: \$3,500,000

Staples Street Bridge Widening over IH-37 - Structural and civil design of widening of existing overpass bridge. The project involved construction of two additional lanes and 8 foot wide pedestrian walks in each direction. Structure system consists of cast-in-place concrete deck supported on precast, pre-stressed concrete beams transferring load to intermediate cast-in-place concrete bents. Bents were supported on drilled shaft piers. Prepared traffic plans for IH-37 and Staples Street traffic.

Liveable Communities Initiative – worked on projects designed to link the communities to transit and create a pedestrian friendly environment with greater accessibility through improved sidewalks, crosswalks, medians and landscaping. Furthermore, the designs promote a safer environment through an unrestricted, but slower flow of traffic. These projects are funded program by the Federal Transit Administration and administered under the Transportation Enhancement Program.

Kinney Street Bridge Replacement - This project included the demolition and replacement of the existing Kinney Street Bridge, constructed in 1912. The existing concrete retaining wall was removed and replaced with new soil anchored walls. This project also included new drainage structures, concrete ditch lining, the acquisition of a permanent utility and construction easement and traffic control plans.

Corpus Christi Convention Center Expansion – Furnished structural engineering services consisting of structural design and construction inspections to the convention center and auditorium expansion project in Corpus Christi, TX.

Project Cost: \$26,000,000

Del Rio Middle School – Furnished complete structural engineering services including engineering, design, and inspection for a new middle school facility for the San Felipe Independent School District in Del Rio, TX.

Project Cost: \$18,000,000

Del Mar Health Science Center – Project Engineer for the development of five multi-storie buildings located at the Del Mar College West Campus. Project included all structural design including foundation design in conformance with project geotechnical investigation report. The new structure was developed to promote a new Health Science department for the college.

Project Cost: \$31,300,000

Del Mar College Public Safety Complex - Furnished structural engineering services for the design and construction inspection of a Public Safety Education and training facility that consisted of five buildings. This project included a fire and repelling tower for fire fighter training.

Project Cost: \$11,000,000

KEY PERSONNEL RESUME

Nueces County, Nueces County Library – Project included complete structural inspections and engineering services for a 16,000 sq. ft. steel structure. Responsibilities included providing field reports and structural analysis of miscellaneous structural components as well as review of submittals, project scheduling and construction meeting attendance.

Project Cost: \$5,500,000

Beeville Elementary School – Project Engineer for a new elementary school for the city of Beeville Texas. The structural design included all foundation system including structural fill and roof framing system including roof deck system, and also exterior wind load carrying items such as Concrete Masonry Units (CMU) walls or metal stud wall system.

Project Cost: \$3,800,000

Beeville High School Improvements – Project Engineer for the design and engineering of an addition / expansion of the Beeville AC Jones High School. The structural design items included all foundation system including structural fill and roof framing system including roof deck system, and also exterior wind load carrying items such as CMU walls or metal stud wall system. On site Construction inspections were also provided for this project.

Project Cost: \$6,000,000

Del Mar College Early Childhood Learning Center - Provided structural engineering and construction inspection services for a new early child learning facility at Del Mar East Campus in Corpus Christi, Texas.

Project Cost: \$5,800,000

Del Mar College Central Kitchen Facility - Furnished structural and civil engineering services for a new central kitchen with loading docks located at Del Mar West Campus in Corpus Christi, Texas.

Project Cost: \$1,100,000

Harte Research Institute - Furnished design services for all infrastructures for a new Marine Research Building for Texas A&M University Corpus Christi.

Project Cost: \$13,500,000

City of Corpus Christi, 36" / 48" Diameter Gravity Line and Resaca Lift Station - The scope included design of 40 MGD wastewater lift station and large size gravity lines. It also included installation of new mechanical bar screen and a manual bar screen at the Broadway WWTP headworks. Resaca LS and the new gravity lines were constructed to minimize overflows in the Broadway Basin's Service Area

Project Cost: \$ 621,000

Joe Fulton International Trade Corridor Port of Corpus Christi Authority - Member of design team for project consists of designing seven (7) miles of new road, road bridges, new railroad, new drainage system as well as improvements to the existing drainage system, new utilities installation, and field inspections.

Project Cost: \$ 18,500,000

McArdle Road Phase III Project for the City of Corpus Christi – Member of design team for project that consisted of 2850 LF of new 62' back to back roadway section. Responsible for all new infrastructure improvements, field inspections, and ADA compliance, project cost analysis and drainage analysis

Project Cost: \$ 2,300,000

KEY PERSONNEL RESUME

City of La Villa Master Transportation Plan - Responsible for the creation of a Master Transportation Plan to develop programs which are adequate for long term traffic solutions and urban development. This plan sets street development standards, connects automotive and pedestrian traffic, as well as improves safety, quality of life, and air quality. A right-of-way map for future improvement was created with roadway sections to accommodate vehicular, pedestrian, and bicycle traffic.

Hidalgo County Drainage District No. 1: Levee Improvements – Project consists of levee improvements to existing flood control structure in order to obtain certification by the International Boundary Waters Commission (IBWC) and the Federal Emergency Management Agency (FEMA). Improvements consist of building-up approximately 17 miles of existing levees to obtain adequate free board and provide suitable level of protection. The improvements were consistent with the U.S. Army Corps of Engineers: Design and Construction of Levees Engineering and Design Manual.

Project Cost: \$300,000,000+

Yoakum Pershing Square - Member of design team for the Yoakum Pershing Square Project for the City of Yoakum, Texas. Project consisted of revitalizing downtown's main street. Responsibilities included improving traffic flow, design of new parking areas, new sidewalks and pavement, utility relocation, and ADA compliance.

Project Cost: N/A

Cimarron Phase I – Member of design team. Project consisted of expanding a two- way single lane high traffic street into a four-lane with turning lanes from Bison Street to the intersection of Yorktown Boulevard, relocating utilities, new gas lines, acquiring right of way for the expansion, and new driveways. Responsibilities included project management, cost estimates, and recommend traffic control requirements. The project's major challenge was an elementary school with entrance/exit right along Cimarron Street; traffic control was very important.

Project cost: \$ 9,800,00.00.

Cimarron Phase II – Member of design team. Project consisted of designing a second phase expansion to Cimarron from Yorktown Boulevard to Saratoga Boulevard. Project included new utilities, utility relocation, right-of-way acquisition, new gas lines, project driveways, cost estimates, and traffic control.

Project cost: \$ 5,700,000

Whataburger Field - Member of design team for the BallPark Offsite Utility Improvements. Projects consisted of revitalizing existing conditions, improving surrounding streets such as Tanchua and Port Ave. Responsibilities included cost estimate for project, project management as well as design of new drainage system, new driveways, new parking areas, new sidewalks and pavement, improving traffic flow, and new utilities.

Project cost: \$ 27,000,000

Upriver Road – Member of design team for the upriver road. Project consisted of revitalizing and expanding the existing street, new utilities, cost estimates, and project management.

Project cost: \$ 10,100,000

Del Mar College - Member of design team for the Del Mar College entrance guard shack. Project consisted of designing a traffic control island with a security guard shack, rerouting electricity and plumbing to the new building, project management, and traffic control management.

Project Cost: N/A

KEY PERSONNEL RESUME

Nueces County Bob Hall Pier, Corpus Christi, Texas – Performed evaluation and prepared a rehabilitation package for the 1400 Linear feet fishing pier structure in the Gulf of Mexico. Work also included design and inspection of a Cathodic Protection System as well as project management.

Project Cost: \$ 1,270,000

CITGO, Lake Charles, Louisiana: Completed "B" Dock Project Screen and Evaluation Study. Our scope included analyzing existing bulkhead stresses after discounting the corrosion losses to determine urgency of bulkhead replacement/rehabilitation requirements. In addition, review of feasibility study prepared by others was performed. Alternative solutions were prepared with detailed economic analysis. Project also consisted of the design of a steel crane structure to support oil tankers connection lines and associated pipping.

Project Cost: \$6,000,000.00

Patriot Crane – PC3000 Crane Design

Performed the structural design and analysis of a Crane consisting of 100ft boom length, 48 inch diameter Kingpost, Machinery Platform, Front rollers and padeyes, main frame section, boom-heel section complete with winch mounting foundation proofing. Crane final destination was China. Design was in conformance with API-2C – 6th Edition.

CITGO - Pipe Rack Structural Investigation: Performed a computer model and finite element analysis of a series of pipe racks located within the CITGO Corpus Christi plant. The purpose of the analysis was to determine the adequacy of existing racks and recommend corrective measures to ensure that the pipe racks conform with CITGO design standards.

El Paso Pipeline Group – Steel Skid Framing: This project consisted of the design of a steel skid for the Station 27 Turbine Exhaust Gas Recuperator Heat Exchanger Replacement Project. Designed and prepared a computer model and performed a finite element analysis of the structure as well as design drawings and specifications.

Anteon Corporation, Heavy Weather Plan Analysis: Performed an analysis and presented the findings of the Heavy Weather Plan analysis for mooring of NAVY Ships based on a variety of weather conditions. Calculations were performed for eight layouts, "Portside to", "Starboard Side To", and "Two Ship Configuration". Calculations were done in conformance with NAVSEA Standard Item No. 009-69 Section 3.3.7 and 4.3. This analysis was performed to determine if the capacity of the existing mooring structures was adequate for the loading determined in the Heavy Weather Plan. Additionally, I determined the maximum allowable storm surge for the facility.

Project Cost: N/A

Gulf Copper Ship Repair, Inc.: Performed an analysis and presented the findings of the Heavy Weather Plan analysis for mooring of NAVY Ships based on a variety of weather conditions. Calculations were performed for eight layouts. "Portside to", "Starboard Side To", and "Two Ship Configuration". Calculations were done in conformance with NAVSEA Standard Item No. 009-69 Section 3.3.7 and 4.3. This analysis was performed to determine if the capacity of the existing mooring structures was adequate for the loading determined in the Heavy Weather Plan. Additionally, I determined the maximum allowable storm surge for the facility.

Project Cost: N/A

KEY PERSONNEL RESUME

Gulf Compress – Cotton Storage Warehouse Design

Provided engineering services and performed an economic analysis for the construction of 13 warehouse buildings. The overall design included four (4) Truck Dock/Rail warehouses and nine (9) Standard storage buildings with a combined footprint of over 600,000 sq. ft.

Project Cost: \$13,000,000.00

Nueces County Bob Hall Pier, Corpus Christi, Texas – Performed evaluation and prepared a rehabilitation package for the 1400 Linear feet fishing pier structure in the Gulf of Mexico. Work also included design of a Cathodic Protection System and project management.

Project Cost: \$1,300,000.00

Port of Corpus Christi Authority, Cruise Ship Terminal, Corpus Christi, Texas: Completed a Phase I Engineering Design for modifying an existing dock facility above water. Work included design of new building and modifying an existing building.

Project Cost: \$6,200,000.00

Port of Corpus Christi Authority, Cargo Dock #2, Corpus Christi, TX: - Performed evaluation and prepared a construction package for dock rehabilitation and fender improvements project. The project consisted of the rehabilitation of a 34,000 square feet concrete dock structures originally built in 1920. The existing seventy-year-old concrete structure was repaired using shotcrete and a new rubber fender system was installed to receive 30,000 DWT Cruise Ships.

Project Cost: \$ 670,000.00

CITGO, Docks 1, 2, 3, 6, 7, & 8 Corpus Christi, Texas: Performed a complete inspection, above and below water, of the CITGO dock facilities on the Corpus Christi Ship Channel. The inspection included timber, steel, concrete main dock, timber approachway, timber pipe racks, steel barge fendering system, concrete & steel breasting and mooring structures. All of the docks were in a deteriorated state and required repair and/or replacement of numerous components. A diving contractor was hired to perform the underwater portions of the inspections. Once each facility had been inspected a report was compiled that documented all deficiencies both above and below water. All items in need of repair or replacement were grouped by priority. Some items were determined to need immediate action, within 3 to 6 months, while other items could be addressed within 18 months. Recommendations for repair were made for every item noted item and cost estimates were provided for each priority group.

Project Cost: \$1,800,000.00

Port of Corpus Christi Authority, Oil Dock 8, 9, and 10, Corpus Christi, TX: Provided complete engineering and field inspection services. Work consisted of extensive concrete and steel rehabilitation, sacrificial cathodic protection system installation, and barge fendering system installation.

Project Cost: \$ 800,000.00

CITGO Dock #3, Corpus Christi, TX: Was responsible for numerous rehabilitation and improvement projects in the past. At CITGO's request numerous periodic inspections were performed to determine walkways, approachway and breasting structure conditions. Recently completed Approachway, Walkway and Breasting Structure Fendering System Rehabilitation Project.

Project Cost: \$223,000.00

Port of Corpus Christi Authority, Oil Dock 4 and 7, Corpus Christi, TX: Upgrade of existing deteriorated concrete docks with extensive concrete repairs and sacrificial cathodic protection.

Project Cost: \$ 450,000.00

KEY PERSONNEL RESUME

Port of Corpus Christi Authority, Oil Docks 4 and 7, Corpus Christi, TX - Complete engineering design of new mooring structure involving alternate design of monopile and 9 pile structure. Work also involved replacement of existing deteriorated pipe supports.

Project Cost: \$380,000.00

CITGO, Koch Ship Dock #2, Corpus Christi, Texas: Completed an existing dock condition survey for CITGO Terminal Maintenance Department. Scope included above water and underwater assessment of the existing dock, pipe support structures, breasting structures and mooring structures, and also shallow sheet piling shore protection system.

Project Cost: N/A

CITGO, Koch Barge Dock #1, Corpus Christi, Texas: Completed an existing dock condition survey for CITGO Terminal Maintenance Department. Scope included above water and underwater assessment of the existing dock and related marine structures.

Project Cost: N/A

CITGO, Lake Charles, Louisiana: Completed Barge Dock Rehabilitation design work. Design included relieving platform installation, concrete repairs and sheet piling reinforcement work.

Project Cost: \$180,000.00

CITGO, Dock #3, Corpus Christi, Texas: Completed Feasibility Study of three alternative shore protection systems namely steel sheet piling and rock rip-rap. Performed detailed economic analysis as well as worked on detailed engineering design on the selected alternative design.

Project Cost: \$500,000.00

CITGO, Lake Charles, Louisiana: Completed existing dock condition survey and feasibility study for "A" Dock Rehabilitation Project.

Project Cost: \$3,250,000.00

CITGO, Dock #8, Corpus Christi, Texas: Completed inspection and design work for the repairs of the breasting structures. Our scope included an assessment report of the damage sustained to the breasting structures including preliminary construction cost estimates, and finally preparing a full detailed design construction package.

Project Cost: \$100,000.00

Port of Corpus Christi Authority, Oil Dock 4, 7, and 11, Corpus Christi, TX: Design work for mooring system improvements around Avery Point Turning Basin. Total of 8 new mooring structures were added at the three adjacent docks. Prior to final design work, a system analysis study was completed in order to justify need and location of structures to minimize vessel drift magnitude at the most narrow section of the ship channel.

Project Cost: \$1,200,000.00

ADDITIONAL PROJECT EXPERIENCE

- A.C. Jones High School Expansion, Beeville Texas
- Cameron County – Post Hurricane Disaster Recovery Operations Damage Assessment Team Member
- CITGO - #4 Platformer chlorosorb facilities
- CITGO - #5 Platformer chlorosorb facilities
- CITGO – GHT Depentenizer Modifications
- City of Corpus Christi – Greenwood Plant Digester Covers
- City of Corpus Christi – Post Hurricane Disaster Recovery Operations Damage Assessment Team Member
- City of Corpus Christi – Resaca Liftstation
- Corpus Christi - New Oak Park Elementary Structural Design
- Flint Hills – Fort Worth Terminal
- Flint Hills – Cumene PP Feed Conditioning Air Cooler Structure Area
- Flint Hills – New Coalescer Supports
- Flint Hills – Ingleside Terminal Pier & Dock Renovation
- HEB - Tortilla Factory Addition
- Mustang Engineering - #1 FCCU Reactor/Regenerator Foundation
- NAS Corpus Christi – Mine Warfare Training Center
- Port of Corpus Christi - Solomon Ortiz Center Water Taxi Landing
- Southwest Marine Ship Repair - Heavy Weather Plan Analysis
- Sun Spree Resort - Windstorm Inspections
- TxDot Corpus Christi - I.T.S. Facility Structural Design
- Tyler Elementary Structural Design, Beeville Texas

Which Boards would you like to apply for?

CORPUS CHRISTI B CORPORATION: Submitted

Interests & Experiences**Are you a registered voter?**

Yes No

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

No

Why are you interested in serving on a City board, commission or committee?

In my capacity as the CEO of Oceans Behavioral Hospital of Corpus Christi, I bring an extensive background in business and will use this acumen to ultimately build on the board's ability to enhance the prosperity and quality of life for our residents through economic development projects. Economic Development is the creation of wealth from which community benefits are realized. I have an innovative mindset and worldview that will ensure our city's commitment to propel economic progress.

Verification

City Code Requirement - Residency

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served.

I Agree

City Code Requirement - Attendance

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

I Agree

Consent for Release of Information

I understand that if any member of the public makes a request for information included in this application or in any attachment (e.g. resume or supporting documentation) for appointment it is subject to and must be disclosed under the Texas Public Information Act. I understand that under the Texas Public Information Act, my home address and home telephone number is subject to public disclosure unless I am elected or appointed to the position which I seek. I hereby consent to the release of my home address and home telephone number should it be requested under the Texas Public Information Act prior to my possible appointment or election. I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Texas Public Information Act.

I Agree

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

Yes, I currently serve on the Corpus Christi Business and Job Development Corporation ("Type A") and the Corpus Christi B Corporation ("Type B"). I understand that should I be appointed to the Port of Corpus Christi Authority, I would be required to step down from the Type A and B corporate boards.

Education, Professional and/or Community Activity (Present)

Please see attached resume for detail. Have BA and MA and served on a variety of community boards as well as being involved in various community activities.

Why are you interested in serving on a City board, commission or committee?

I have enjoyed serving the City on the Type A and B corporate boards, but have an interest in expanding my contributions to our city and region through representing the City of Corpus Christi as one of your appointed representative to the Port of Corpus Christi Port Authority.

Leah Pagan Olivarri

President, Olivarri & Associates, Inc.

Education

**BA, Mount Holyoke
College, South
Hadley,
Massachusetts,
magna cum laude**

**MA, University of
Texas at Austin**

Ms. Olivarri is the sole owner and president of Olivarri & Associates, Inc. She is an advocate of open communications and is comfortable evaluating performance, solving strategic problems, and making tough decisions when needed. With a history of projects throughout the region, state and beyond, she has worked with all levels of government and with private companies. She has been active in the community serving on various boards and supporting community initiatives.

Summary of Professional Work History

1986 to present - Olivarri & Associates (later incorporated), Corpus Christi. Established consulting company which worked initially on projects oriented toward management and organizational analyzes including a Booz-Allen strategic assessment and plan for the Port of Corpus Christi and policy oriented assessments for the Governor of the State of Texas on the impact of NAFTA and the border area of Texas. In the 1990s, her firm began to do an ever increasing amount of planning, communications and public engagement work often with a focus on environmental permitting or clearances for major infrastructure projects. Examples of major projects include:

- I-69/Trans Texas Corridor – various segments in south and east Texas (TxDOT)
- Upgrading of US 77 from Robstown to the Rio Grande Valley (TxDOT)
- Ports to Plains Corridor Development and Management Plan (Colorado-New Mexico, Oklahoma, Texas DOTs)
- National I-10 Freight Corridor (DOTs for 10 states)
- US 83/Port Roads Feasibility including Joe Fulton Corridor (TxDOT)
- Joe Fulton International Trade Corridor (TxDOT and Port of Corpus Christi)
- Laredo to Corpus Christi Freight Corridor (TxDOT)
- Upgrading of SH 358 (SPID) from Ayers through Airline (TxDOT)
- JFK Causeway Elevation Feasibility Study (TxDOT)
- Regional Parkway Feasibility and Planning and Linkages Studies (TxDOT/MPO)
- Deepening and Widening of the Corpus Christi Ship Channel (Port/USACE)
- Freight and Hazardous Materials Study (MPO)
- City of Corpus Christi Regional Solid Waste Facility (City of Corpus Christi)
- Multiple desalination studies (City of Corpus Christi)
- Surface Coal and Lignite Mining in Texas (USACE Regulatory EIS)
- Regional Economic Adjustment Plan – Disaster Resiliency (Valley COG/EDA)
- Corpus Christi Bay and Estuary Program – various assistance on planning
- Rio Grande Valley Empowerment Zone Planning and Application (Valley Chamber)
- Various other Empowerment and Enterprise Zone applications
- Rio Grande Valley Mobility Plan (Valley Chamber)
- South Texas Spaceport Consortium (Regional Coalition – 13 counties)
- Economic Diversification and Strategy Study (GLO – nine counties)

Ms. Olivarri has also provided assistance to industrial and other private companies, especially during project planning and permitting. She is experienced with working on multi-disciplinary teams that include technical professionals such as engineering, environmental, legal and financial experts. As a result, she is knowledgeable about the technical concepts and language of a variety of disciplines. She has also worked with a range of policy makers – local, state, national and even international. She has a good working relationship with many of the business leaders and groups in the Coastal Bend area.

1985-1986 - Wolfe Consulting, Albuquerque, New Mexico. Managed Austin office of the company with responsibility for a City-County Consolidation Study for the City of Austin and Travis County while also working on management review studies for other entities.

1980–1984 - City of Corpus Christi Texas. Positions included Assistant to the City Manager and Director of Administrative Services overseeing the departments of Budget, Personnel, Risk Management and Data Processing Departments and co-managing, with the Director of Finance, Internal Audit which also performed operational analyzes.

1975-1979 - RPC, Inc., Austin Texas. Work centered on research and reports associated with the National Environmental Policy Act ("NEPA") and the Texas Coastal Zone Management Program including management of a study entitled "Siting Industrial Facility on the Texas Coast" and authorship of a chapter book entitled Refining the Waterfront, Alternative Energy Facility Siting Policies for Urban Coastal Areas edited by David Morrell and Grace Singer of Princeton University. The latter led to an article "OCS (Outer Continental Shelf) Development: A Community's Acceptance of Risk" published in the Coastal Zone Management Journal.

Examples of Community Activities and Recognitions

- Corpus Christi Business and Job Development Corporation – Board Member since 2017
- Corpus Christi Type B Corporation – Board Member since 2017
- Coastal Bend Community Foundation – Board Member, various committees including Investment, Scholarship, Finance and Executive (2009-2018)
- Leadership Corpus Christi – Class XI
- Corpus Christi United Chamber of Commerce – Board Member and Executive Committee (2015-2018)
- Corpus Christi Chamber Infrastructure Committee Chair (2014-2018)
- South Texas Military Task Force (2016-2020)
- Science and Technical Committee of Bay and Estuary Program (1990s)
- Air Quality Partnership (participated as member since inception)
- YWCA Women and Careers Award (2009)
- Leadership Corpus Christi Alumni Honoree (2019)

Personal

Ms. Olivarri was married for 44 years to George Olivarri, CPA, until his sudden passing in 2019. Her parents were longtime Corpus Christi residents. Following their deaths, with her brother and husband, she managed and sold major family business holdings.

none presently I have served on several executive boards in the past

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

Nueces County Appraisal District

Why are you interested in serving on a City board, commission or committee?

I feel that City of Corpus Christi needs strong representation on the Appraisal Board to work for the people of Corpus Christi, I have a strong background in public service being that I have previously served on this board as well as the Tuloso-Midway ISD board of trustees. I will work to make sure the Appraisal District becomes transparent and as the representative for the City of Corpus Christi provide updates and information regularly.

Verification

City Code Requirement - Residency

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served.

I Agree

City Code Requirement - Attendance

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

I Agree

Consent for Release of Information

I understand that if any member of the public makes a request for information included in this application or in any attachment (e.g. resume or supporting documentation) for appointment it is subject to and must be disclosed under the Texas Public Information Act. I understand that under the Texas Public Information Act, my home address and home telephone number is subject to public disclosure unless I am elected or appointed to the position which I seek. I hereby consent to the release of my home address and home telephone number should it be requested under the Texas Public Information Act prior to my possible appointment or election. I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Texas Public Information Act.

I Agree

Oath

I swear that all of the statements included in my application and attached documents, if any, are true and correct.

SEE ATTACHED RESUME BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION, DOUBLE MAJORED IN FINANCE AND ACCOUNTING FROM UNIVERSITY OF SOUTH CAROLINA, 2009
MASTERS OF ACCOUNTING FROM COLLEGE OF CHARLESTON, 2010
PROFESSIONAL EXPERIENCE: PRICEWATERHOUSECOOPERS, LLC, DALLAS: AUDIT ASSOCIATE 2010-2011;
DELOITTE AND TOUCHE, LLC, AUSTIN: AUDIT SENIOR ASSOCIATE 2011-2013; HOGAN HOMES, CHIEF FINANCIAL OFFICER 2013-PRESENT; MEMBER OF CORPUS CHRISTI CHARITY LEAGUE 2018 - Present; FIESTA DE LOS NINOS COMMITTEE MEMBER & AUCTION COMMITTEE CHAIR 2016 - Present

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

1) Type A 2) Type B

Why are you interested in serving on a City board, commission or committee?

I believe my background and experiences will serve the Type A and B boards, in their service to the city of Corpus Christi. I will bring a unique perspective as a female member of the board, and a wealth of financial and accounting experience from my time as the CFO of Hogan Homes, at Pricewaterhousecoopers, and Deloitte and Touche. I also understand the particular challenges business owners face, who seek a local educated workforce, and am driven to provide continued job opportunities here in Corpus Christi. I also understand the hurdles of relocating a business, having recently moved our permanent headquarters in the HUBZone of Downtown Corpus Christi. As a resident of Corpus Christi, I firmly believe in the judicious preservation of the community and will work to ensure that funds allocated will be done with a short and especially long term vision for Corpus Christi. I will be mindful that the funds distributed are taxpayer dollars, entrusted to the city to be spent wisely to serve the public and the interest of the public good. I will carefully evaluate all expenditure requests and needs proposed to the Type A and B boards as well the background information concerning the request, in order to ensure that tax payer dollars are allocated equitably and towards the best interest of Corpus Christi's residents. As a board member, I will always be available to our City Council Members to discuss ideas, opinions, and input on all matters the Type A and B boards will cover and to those we serve.

Diana Summers
dsummers@hoganhometexas.com
(512) 994-8786

Acknowledged for strong analytical and problem solving skills, as well as development of team and client relationships. Recognized for achieving an understanding of numerous different business operations and processes, identifying and quickly elevating potential engagement issues, task prioritizing, and multi-tasking abilities. Enjoys challenging engagements and new opportunities to further develop professional skills. Thrives in a team environment yet also works well independently. Committed to exceeding the needs and expectations of the engagement and client.

PROFESSIONAL EXPERIENCE

Price Waterhouse Coopers, LLC, Dallas

Associate, 2010 - 2011

- Audited a diverse portfolio of clients including manufacturing, health care, financial, chemical, and holding companies.
- Part of review team for the issuance of an initial client stock offering
- Performed 404 SOX Controls testing.
- Participated on an Advisory and consulting engagement for major financial institution

Deloitte and Touche, LLC, Austin

Senior Associate, 2011 – 2013

- Managed and executed the audits of two companies in the manufacturing and civil construction fields.
- Participated on two company segment carve out audits.
- Performed 404 SOX controls design and operating effectiveness testing.
- Member of new client acquisition team

Hogan Homes, Corpus Christi

Chief Financial Officer, 2013 – Current

- Directs and evaluates the implementation of Hogan's strategic business plans.
- Manages Hogan's budgeting process
- Develops performance measures to monitor company's performance
- Oversees the financial operations of subsidiary development companies
- Monitors cash balances and forecasts
- Mitigates elements of the company's risk profile
- Maintains banking relationships

CURRENT COMMUNITY INVOLVEMENT

Driscoll Children's Hospital

Fiesta de los Ninos Committee Member, 2016 – Current

Laura's Bid Board Auction Committee Chair, 2018 – Current

- Chaired Laura's Bid Board Auction Committee in 2018 & 2019, targeting auction items in value of \$500 - \$5,000. Raised over \$100,000 for DCH.

Cotillion II

Philanthropy Chair, 2018 – Current

- Coordinated the fundraising and donations to adopt 4 families at Corpus Christi's Ronald McDonald house in order to provide Christmas gifts for all family members, needed clothes, and bedding items.

Corpus Christi Charity League

Member 2018 – Current

- Member of Corpus Christi's Charity League, a local non-profit group comprised of 40 women from across the Coastal Bend with a proven dedication to local charity work. Each year, a local charity is selected in which the group dedicates its fundraising efforts towards. In 2019, we raised \$283,000 for our local chapter of the USO, NASCC.

Hurricane Harvey

- Coordinated, hosted, and manned a barbeque, wash stations, bathrooms, charging capabilities, shade, donation drop off and donation pickups in Hogan Home's Rockport subdivision directly after Harvey devastated the area. The barbeque, held over two days was coordinated to make sure we fed the first responders, Coastal Bend residents, and those who came to help in the recovery efforts. Over Saturday and Sunday, we fed over 8,000 meals and gave out countless supplies to affected residents. We also coordinated with Hogan homeowners that wanted to help, as they sustained minimal damage, packaging meals for them to take out and deliver throughout the local communities. Our partners we secured in the effort included Sam Kane Beef, Valero, the International Barbeque Cookers Association, Waterstreet Restaurants, Butler Rentals, A2X Law Firm, Texas Throne, Bay Ltd, San Jacinto Title, and Hometruster Mortgage.

EDUCATION

University of South Carolina

Bachelor of Science in Business Administration, 2009

Double Majored: Finance and Accounting Directed Studies: French

College of Charleston

Masters of Accounting, 2010

Study Abroad: University of South Carolina, Maymester Session, Kenya, Africa

Studied business tactics and problem solving techniques within the economic and political structure of Kenya. Examined the local operations of *The Coca Cola Company*, Dockers, a subsidiary of Levi Strauss and Co., Kazuri Beads, Ltd. and KickStart, a non-profit dedicated to developing technologies for small-scale enterprises. Studied the importance of eco-tourism to the national economy.

National Outdoor Leadership School Graduate, Broome, Australia

Studied leadership skills and development, while facing extreme conditions of the Australian Outback. Also focused on technical outdoor skills and environmental ethics.
