Total annual property tax revenue foregone is \$29.9 million

# Impact on Proposal to Increase Exemptions

---

## Increasing Homestead Exemption from 10% to 20%

- ❖ Annual reduction of property tax revenue of approximately \$7.6 million
  - General Fund annual reduction of approximately \$4.9 million
  - Debt Service Fund annual reduction of approximately \$2.7
  - \$9.96 monthly savings to the average homeowner

## Increasing Over-65 or Disabled Exemption from \$50,000 to \$62,500

- ❖ Annual reduction of property tax revenue of approximately \$1.9 million
  - General Fund annual reduction of approximately \$1.2 million
  - Debt Service Fund annual reduction of approximately \$0.7 million
  - \$6.73 monthly savings to the average homeowner

Total impact would be a reduction in the General Fund of \$9.5 million in property tax revenue beginning in Fiscal Year 2024

# Consideration Factors

---

## ❖ 2023 Texas Legislative Session

- Governor Greg Abbott proposes that lawmakers spend \$15 billion to lower Texans' property taxes as it relates to school property tax exemptions
- Uncertainty relating to legislation relating to municipal property tax revenue or assessed valuations
- Unfunded mandates

## ❖ FY 2024 Budget Process currently underway

- As of today, we do not know what revenue and expenditures will be included in the FY 2024 proposed budget
  - Uncertainty in the sustainability of General Fund revenue due to economic factors
  - Funding needed for 49 public safety officers added in FY 2023 at cadet levels
  - Continual need to fund infrastructure including residential streets
  - Reducing General Fund reserves to balance the budget is neither a sustainable nor prudent practice
