Why are you interested in serving on a City board, commission or committee?

Libraries serve an integral part of the community. Libraries give people a place to gather, , to educate, to explore to achieve and to learn , especially about themselves. The library welcomes ALL, regardless of age, demographics or beliefs. The library is a special place to grow imaginations and minds. I want to give back to the community that has so richly embraced me.

Kathy R. Ellington

April 16, 2018

Tamera Franklin
City of Corpus Christi, Texas
1201 Leopard Street
Corpus Christi, Texas

Dear Ms. Franklin,

I am pleased to submit my letter of interest to serve as a member of the Corpus Christi Library Board. My background as a progressive community leader coupled with many years of non-profit management experience qualifies me to be an advisor for our library system.

As a Trustee for the Butte Silver Bow County, Montana Library system, I was responsible for policy decisions and library operations. Trustees of the library approved budgets and personnel contracts and approved innovative library activities. During my tenure as a Trustee, I was on the hiring committee to recruit and hire the library director.

It is my feeling that libraries serve as a compass for evidence based decisions to serve the community today and in the future. Libraries anchor communities and are central to activities of our city. I firmly believe libraries are an integral ingredient in providing quality of life in Corpus Christi.

As former Executive Director of the Butte, Montana Literacy Program, I recognize low literacy skills create barriers to seeking and maintaining steady employment. I understand the importance of job skill training as a pathway for reducing poverty and increasing self-sufficiency. I am proud to have assisted in the development of strategies to help others maximize their potential.

I also have experience researching and writing grants to enhance funding. I pride myself in approaching my work with precision, professionalism and care. I am decisive, detail oriented and work well under pressure.

As past Executive Director of a community leadership program I understand how business, government and non-profits convene leaders to improve communities. I believe new partnerships and synergetic solutions are established when all parties come together in a collaborative leadership effort.

It is my belief that as a community we are most effective when we work together and connect ideas, skills and resources to create solutions. I believe in focusing on building blocks of a good quality of life for everyone which includes education, financial stability and health.

My resume is attached for your review. Thank you for allowing me to be considered to serve on the Library Board.

Respectfully yours,

Kathy R. Ellington

Education, Professional and/or Community Activity (Present)

Degrees: B.A. in Mathematics and Psychology from Baylor University; M.B.A. from Texas A&M University - Corpus Christi; Ed.D. from Texas Tech University I served as an administrator at Del Mar College for 33 years, and I was an Associate Vice President at Northern Kentucky University for six years. I retired from higher education administration last year. I am a member of the American Association of University Women (AAUW) and have been involved in the organization's community service activities. I assist with quarterly book sales at Neyland Library to raise funds for college scholarships and to provide donations to the Library that support the Children's Reading program and supplement the "classics collection" at the Library. I have participated in community outreach activities at the YWCA that promote self-esteem and respect for disadvantaged pre-teen girls, and I have participated in the organization's annual recognition to college-bound senior girls at Moody High School. Most notably, I volunteered my time and skills this spring to create a website for the AAUW Corpus Christi Branch which will help increase the visibility of the organization and clearly demonstrate to the local community the mission and purpose of the organization.

Why are you interested in serving on a City board, commission or committee?

I am a strong supporter of education, having worked 40 years in higher education. Increased levels of literacy and education in our community will create a better educated workforce, which will lead to improved economic development for our region. Libraries are the backbone of a good educational system. All education levels, pre-k through graduate education, need the support of strong, community-based libraries, like the Corpus Christi Public Library. From special programs offered at the library that inspire young children to enjoy reading to the advanced resources needed by college students to complete their studies, the library serves a vital function for our community. As a frequent patron of the Corpus Christi Public Library, I am interested in helping to promote the Library's mission for all of our citizens, and I have the energy and skills to serve the board well.

Question applies to LIBRARY BOARD

Per city ordinance, the committee must include representatives from certain categories. Do you qualify for any of the following categories? *

☒ None of the above

Corpus Christi is my home town. I graduated from Ray High School and attended Del Mar College. I married Corpus Christi native Ernest Wood, who was an Air Force officer. We lived in several states while Ernest was in the Air Force for 20 years. We had three sons. In 1973 the family moved to McAllen, Texas where I finished two college degrees. I graduated from Leadership McAllen and was appointed to the Public Library Board. I was employed by McAllen ISD where I was the Director of Libraries for the (then) 32 schools in McAllen. When I retired from education in 1995, Ernest and I returned to Corpus Christi where two of our three sons live. That was a very good move on our part.
