## Instructions for Texas Department of Transportation County Maps and Beach Park Site Maps

The agency requests that Texas Department of Transportation (TxDOT) County Maps, Google Earth, or Google Maps be used to designate the beach areas your community maintains and the linear feet of those beaches. Use the following instructions to meet your community's county map and site map requirements for the Beach Maintenance Reimbursement Fund Program.

- A. For each TxDOT County map (full-scale view and inset maps) or Google Earth Image, do the following:
1. Mark the eligible beach areas to be cleaned.
  2. Write the linear footage of each area.
  3. If your beach areas are separated, write the total linear footage (sum of each area) somewhere on the map.

Example:

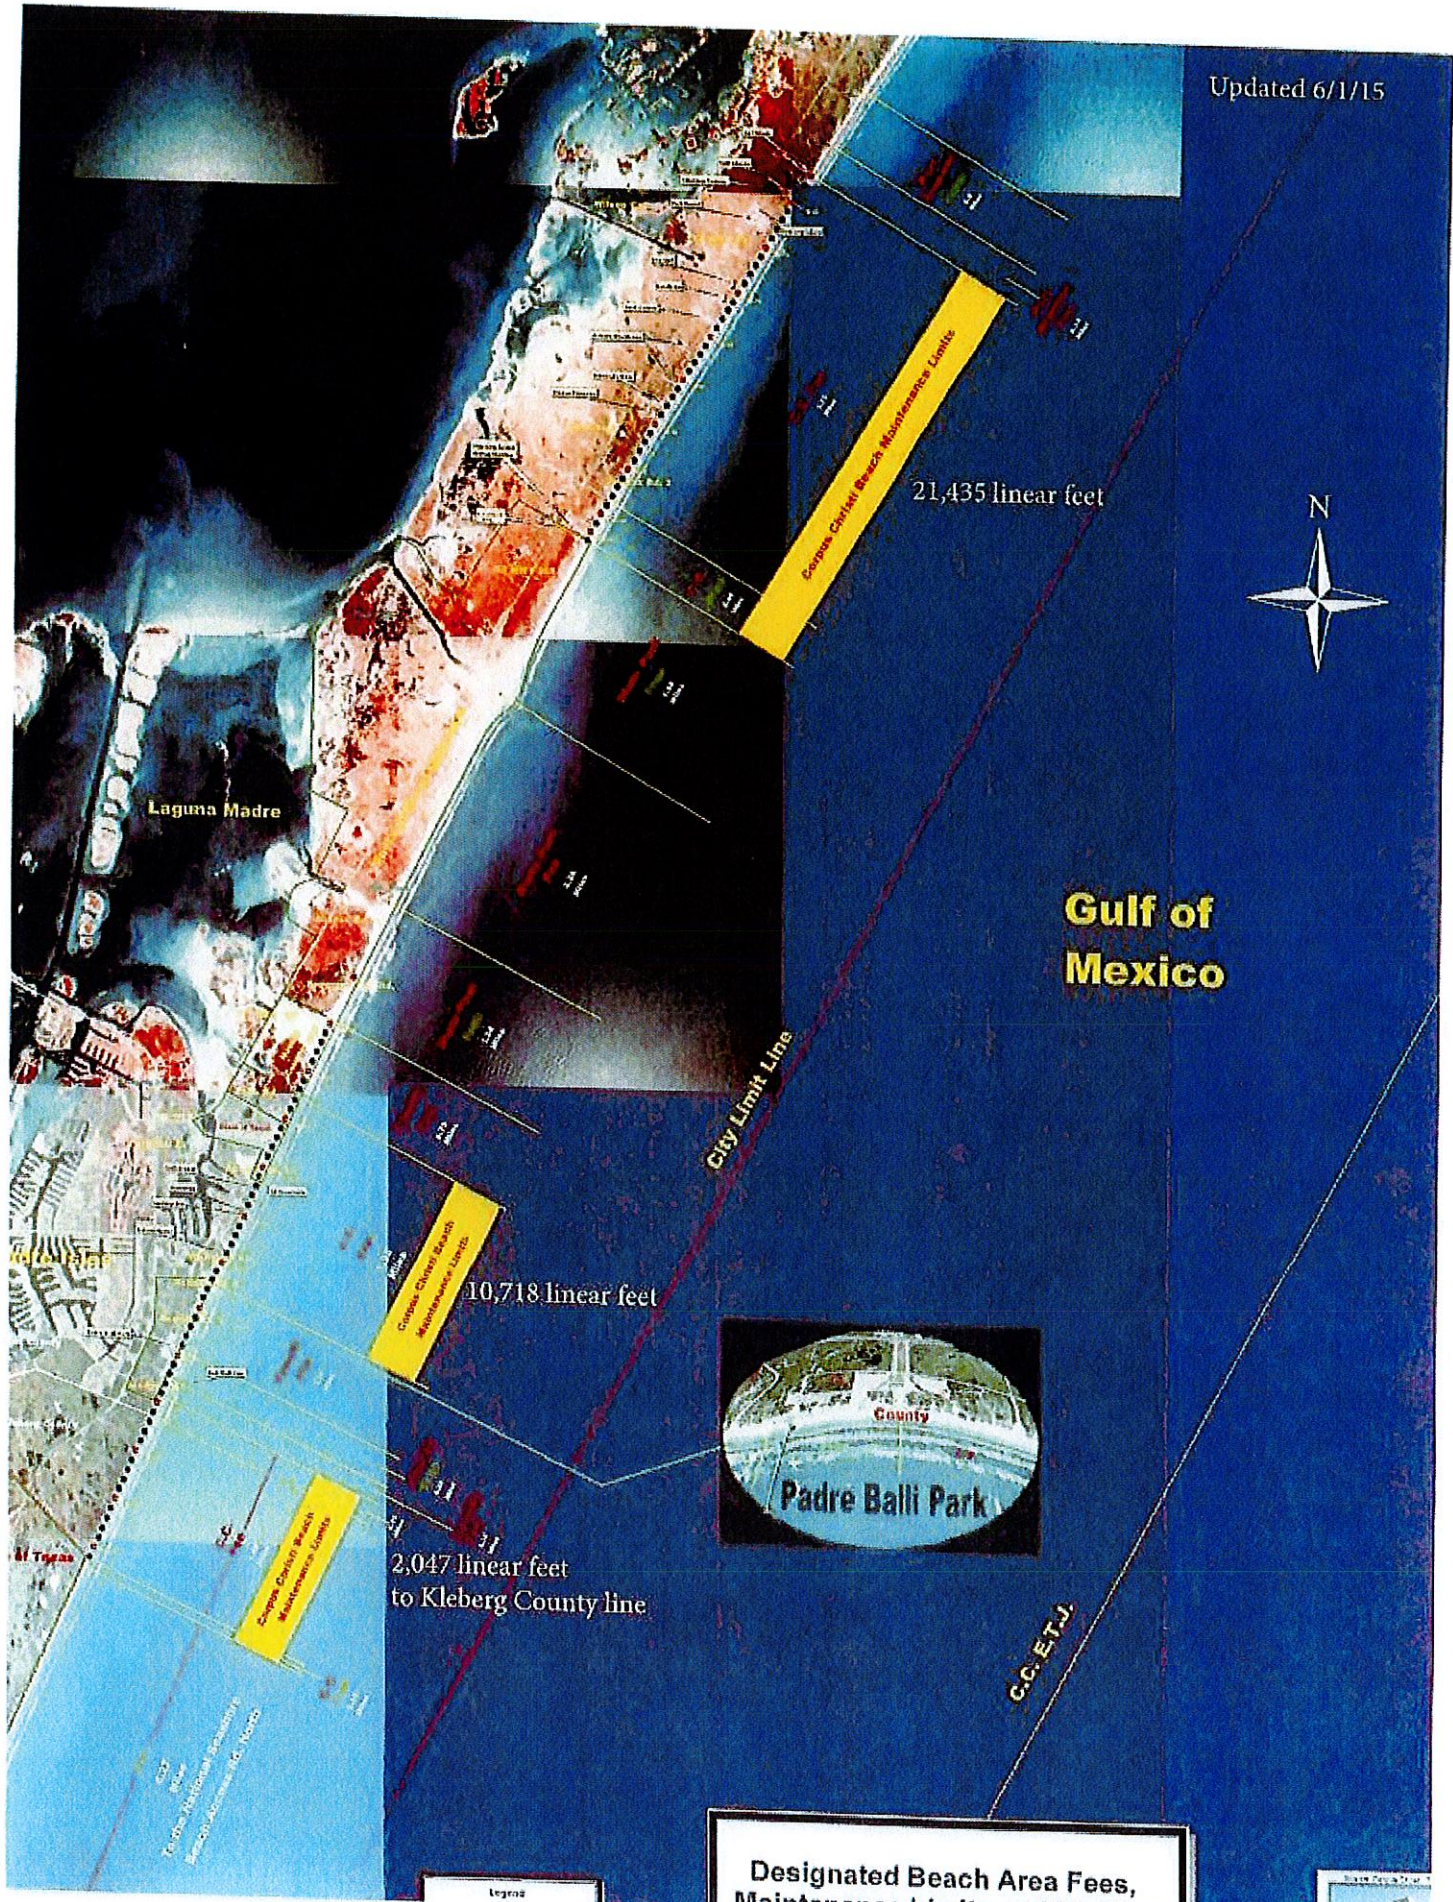

- B. For beach park site maps, do the following:
1. Indicate the location of restrooms, shower facilities and potable water.
  2. Indicate the location of on or off-beach parking areas.
  3. Indicate any other facilities that are provided on the site map.

Return the maps and beach park site maps with the Application for State Assistance in Cleaning and Maintaining Public Beaches.
