**BACKGROUND AND FINDINGS:**

The City of Corpus Christi has a wholesale agreement with SPMWD to provide potable water. This agreement will be amended to provide additional quantities of treated water to SPMWD for them to sell to Gulf Coast Growth Venture (GCGV). A water pipeline which will tie in the City's treated water system will be built to transport treated water to the GSGV plant site west of Gregory. SPMWD has hired J. Schwarz & Associates (JSA) to provide all engineering services related to this new water pipeline. In conjunction with this new water pipeline project, the City has requested that SPMWD replace an existing 20" cast iron water pipeline and decommission an existing 30" cast iron water pipeline, reconnecting with a new waterline that will loop all of the water connections from the 30" water pipeline.
