BOARD DETAILS

OVERVIEW

SIZE 9 Seats

TERM LENGTH 3 Years

TERM LIMIT 6 Years

The Planning Commission makes and amends a master plan for the physical development of the City; to recommend to the City Council approval or disapproval of proposed changes in the zoning plan; to exercise control over platting or subdividing land within the corporate limits of the city and within an area extending five miles beyond the City limits; to submit annually to the City Manager not less than 90 days prior to the beginning of the budget year a list of recommended capital improvements which, in the opinion of the commission, are necessary or desirable during the forthcoming five-year period; to require information from other departments of the City government in relation to its work; to be responsible to and act as an advisory body to the City Council and to perform such additional duties and exercise such additional powers as may be prescribed by ordinance of the City Council.

In addition, members appointed to the Planning Commission are concurrently appointed to the concurrent Beach/Dune Committee (§10-17). This committee reviews applications for master planned development ordinances from applicants seeking beachfront construction, and submits their recommendations to City Council. They also review the location of the dune protection line and beachfront construction line at least once every five years or within 90 days after a tropical storm or hurricane affecting the portion of the coast lying within the City's jurisdiction.

Interests & Experiences

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

Yes, I am currently chairman of the Building Standards Board, in the third year of my three year term.

Education, Professional and/or Community Activity (Present)

I attained my undergraduate degree at Texas A&M University in College Station in 2005 (bachelor of science in economics) and my masters degree at Texas A&M University - Corpus Christi in 2010 (master of business administration). I was employed by a Corpus Christi-based general contractor from 2005 to July 2012, when I left to start my own general contracting firm South Texas Building Partners. Community Activity has been a big part of my life, especially since moving to Corpus Christi. I have enjoyed serving on and chairing the Building Standards Board. I have also served as president of the South Texas Chapter of the AGC, vice president of the Nueces County A&M Club (Aggie alumni group), and co-chairman of Corpus Christi Cattle Baron's Ball. I am a graduate of Leadership Corpus Christi class 39, and have been active in participating and supporting numerous other causes.

Gemstone Media, LLC / Jordan Regas · Authors: Jason Page ·

http://issuu.com/thebendmag/docs/tb_06_14_online/5?e=11308897/8089670

This was a very last minute shoot that I couldn't refuse. When else can I invite Roger Creager to visit our family's barbeque place AND get to photograph him with his dad? I said yes immediately! We photographed Roger and his dad enjoying an ice cold beer and having a good ol' time. Then we got a few posed and natural / candid shots of the two of them against some 200 year old doors and a 60 year old hut with the Texas flag painted on the side.

Interests & Experiences

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

I do not currently serve on a City board, commission or committee. I do serve as a member of the Board of Directors with my homeowners association, Tropic Isles HOA, in Flour Bluff.

Education, Professional and/or Community Activity (Present)

I have a Bachelor of Science degree in Geography from the University of California at Davis. I am the Director of Planning at the Corpus Christi Regional Transportation Authority (CCRTA). In addition, I am a Project Management Professional (PMP). During periods of implementing service improvements or conducting major planning studies, I have connected with the community throughout the City of Corpus Christi. Additionally, I interface with the CCRTA Board of Directors each month through presentations at meetings to advance transit initiatives and report performance statistics. I enjoy living in Corpus Christi and serving the community as a CCRTA professional. I've talked with residents and visitors at transit stations, bus stops, on buses, while walking in downtown or in the neighborhoods. I've confidently presented in front of several stakeholder groups at senior centers, schools, neighborhood associations including North Beach, Flour Bluff, and the Northside area, City of Corpus Christi Committee for Persons with Disabilities, Young Business Professionals, Downtown Merchants Association, Corpus Christi MPO Technical Advisory Committee, CCRTA Board of Directors, CCRTA Committee on Accessible Transportation, R/UDAT Steering Committee, Caller Times, Naval Air Station, Corpus Christi Army Depot, and other groups. I am a member of the Corpus Christi Metropolitan Planning Organization (MPO) Technical Advisory Committee, CCRTA-City of Corpus Christi Monthly Coordination Meetings, and the Regional/Urban Design Assistance Team Program (R/UDAT) Steering Committee which was formed in the Fall of 2014.

Why are you interested in serving on a City board, commission or committee?

Corpus Christi is a diverse city with multiple business, education, recreation, and tourism opportunities. It is a growing region that needs to strategically advance more development and revitalization efforts. My interests while serving on a committee are to increase family and youth activities, improve economic development, provide focused revitalization opportunities to attract more residents and visitors to our community, and foster public and private partnerships to increase our overall livelihood. By serving on a City of Corpus Christi Committee, I believe that I have the background and professional knowledge to make a positive impact for our community.

- Project manager and contract manager to oversee 15 firms under the Program Management Consultant multi-year contract to support the Five-Year Rapid Transit Program involving the Bus Rapid Transit (BRT) program, Go Local and Measure M community circulator programs, and the planning and design for the Anaheim Regional Transportation Intermodal Center.
- Project manager in charge of OCTA's federally and state funded \$55 million Bravo! BRT program responsible for completing the design, construction, and implementation phases of three planned arterial based mixed-flow BRT corridors in Orange County.
- Led and coordinated multiple consultant team contracts for the civil and architectural design of approximately 110 BRT station stops including the preliminary design of a real-time passenger information system, traffic signal synchronization design and implementation, and preliminary concept design of transit signal priority elements for 252 intersections within the BRT corridors.
- Participated in contract negotiations with Procurement Department and legal counsel to resolve consultant performance and invoicing issues.
- Researched fare collection methods and travel time delays to reduce anticipated dwell times.
- Led grant application efforts to obtain funding to implement traffic signal synchronization.
- Conducted and coordinated stakeholder outreach efforts throughout the design of the BRT program.
- Prepared and presented regular progress updates and reports to executive management, the Board of Directors, and other stakeholder groups.

03/2002-11/2007: **Senior Transportation Analyst**, Orange County Transportation Authority (OCTA), Service Planning and Customer Advocacy and Strategic Planning Departments in the Transit and Planning Divisions. Orange, California.

- Managed and coordinated the planning and implementation of new bus services and other bus service improvements and recommendations for each service change using field work and data analysis tactics.
- Developed specific work plans for small contracts, analyze data to support transit planning studies, assess ridership projections, and support routing and stop improvements.
- Conducted analysis using GIRO's HASTUS scheduling databases, GFI fare box data, and Geographic Information Systems (GIS) methods and applications to assess travel speeds and service levels throughout city and unincorporated areas within the service area.
- Prepared and presented reports to Board of Directors and coordinated with stakeholder groups to implement improvements.

07/2000-03/2002: **Systems Manager**, FORMA. Irvine, California.

- Under the Planning Division, managed GIS staff assigning tasks, monitoring budgets, schedules, and project deadlines while performing external and internal marketing responsibilities including proposal writing, proposal interviews, demonstrations, conference presentations, developing business relationships, and completing marketing brochures and posters.
- Served as project manager for the \$170,000 Rivers and Mountains Conservancy Open Space Plan which included the data collection and GIS system development of over 650 data sets containing aerial imagery, historical, infrastructural, biological, demographical, transportation, and other planning related data. Coordinated and authored responses to request for proposals for GIS projects and built product demonstrations and brochures for presentations, meetings, and clients using ESRI software products.
- Provided private and public sector clients with GIS analysis results, reports, maps, and modeled visualizations, AutoCAD drawing modifications, and Microsoft Access software to support projects and related tasks.

11/1994-06/2000: **Senior GIS Analyst**, RBF Consulting, Information Systems Services Department. Irvine, California.

- In support of planning and engineering projects, supervised a team of employees assigning tasks, monitoring budgets, and schedules to meet project milestones for private and public sector clients. Served as deputy project manager for the completion of the Natural Communities Conservation Plan (Orange County Central-Coastal NCCP/HCP) planning effort in collaboration with the Irvine Company and other organizations to preserve open space, multiple species, and habitat areas in Orange County.
- Served as lead analyst to develop a transportation travel time model in order to determine the best location of a new fire station to serve a planned new development in south Orange County.
- Provided on-site GIS support for the OCTA to build and edit spatial and tabular routing data for transit and master plan of arterial highway applications. Served as data conversion manager for the City of Santa Barbara Automated Mapping Services project responsible for the data collection and conversion of over 330 water and wastewater atlas sheets containing over 18,000 facilities.
- Performed GIS analysis and mapping using ESRI software products, Microstation SE and Descartes, Microsoft Access, and MapObjects software to support projects.
