

An aerial architectural rendering of a large, modern beachfront hotel and conference center. The main building is a long, multi-story structure with a light-colored facade and numerous balconies. It is situated directly on a sandy beach, with waves breaking in the foreground. In front of the building, there is a row of lounge chairs with blue umbrellas. Behind the main building, there is a large swimming pool area with several smaller pools and a central water feature. The surrounding area includes parking lots, palm trees, and other smaller buildings in the background.

NORTH PADRE ISLAND BEACHFRONT HOTELS AND CONFERENCE CENTER

NEED FOR DEVELOPMENT

- Corpus Christi needs additional hotel room inventory to satisfy visitor demand.
- Particular need exists for higher-quality hotel room inventory.
- Establishment of a market for better room rates will lead to even higher-end hotel development.

NEED FOR DEVELOPMENT

- No new developments have been built on Seawall in nearly 50 years.
- Type B Investment will be a catalyst to jump-start new development on the Seawall.
- Over half of acreage on Seawall remains available for development.

NEED FOR DEVELOPMENT

- Padre Island lacks sufficient meeting space for community events.
- Conference Center will support both visitor development and local community needs.
- Adequate parking will be available for all of the project needs with adjacent acreage available for overflow as market demand is determined.

NEED FOR DEVELOPMENT

- Conference Center space, seawall beach and facilities will create a destination resort atmosphere.
- Bar Louie restaurant/bar facility has proven to be very popular in South Padre and at other resorts.
