Why are you interested in serving on a City board, commission or committee?

The main reason I am joining the committee is for my consumers. I will be getting resources for the people I assist so I can better assist them. I am fairly new to social work and I want to learn from others who have been a part of committees. I am interested in learning how committees work and how I can help the other members of the committee. Working at the Center for Independent Living, assisting persons with disabilities, I feel like this committee would be beneficial for myself as well as the people I am assisting.

The Coastal Bend Center for Independent Living has recently been funded for the Corpus Christi Tenant Based Rental Assistance. This allows us to assist persons with disabilities for at least 1 year of rental assistance while they are waiting on the list for permanent public housing. The Coastal Bend Center for Independent Living has also received funding from Cheniere which allows us to assist the homeless persons with disabilities population in Corpus Christi with a few different things.
