Describe Feedback:

In July 2020, Council approved the receipt of a grant from the Texas Historical Commission to fund a new Historic Preservation Plan, our first since 1992. In my 6 years on the Landmark Commission I saw a preservation movement grow and gain momentum in front of my eyes. By the end of my time there in 2020, we'd received multiple grants from THC and knew the Preservation Plan would be the next step to move the city forward.

Even after I finished my term, I continued to be involved with this plan, offering my knowledge and comments, attending the 3 public meetings, and sharing them with my network so more people could be involved—and they were, in the thousands. The plan confirms what we knew when we started--that CC is decades behind other cities in Historic Preservation, missing out on economic development opportunities for businesses using historic spaces, and losing these places to neglect in the meantime.

I look forward to Council's approval of this plan in coming weeks.

It has been brought to my attention the Historic Preservation Plan was to be included in today's agenda. It has also been brought to my attention this was pulled from the agenda because some on city staff believe we do not need a preservation plan. I would think a plan for the preservation of history in our city is imperative in this climate. The Historic Preservation Plan has been developed, written, drafted, reviewed and approved by the Landmark Commission and the Planning Commission throughout this year. Why would the Council not discuss the approval of this plan?

Hello, I am writing to voice my support for the Historic Preservation Plan. Corpus Christi is a wonderful city and it deserves a plan that will propel us to where we should be in terms of preservation. Many people have worked very hard on this plan for a long time and it is imperative that we put this plan in place if we want to see Corpus Christi succeed. I urge City Council to consider the positive impact of this plan for our city. Thank you.

My name is Jessica Holt. I am the Assistant Director at the Art Museum of South Texas and also run the instagram account @PreserveCCTX. I have an MFA in Historic Preservation from SCAD and am fluent in the many cultural, social, economic, and environmental benefits that come along with an investment in Preservation. I also understand that a city's support of Preservation is crucial to its success. I read the full Historic Preservation Plan and support the goals and strategies presented. The steps are action-oriented, feasible, and backed by valid research. Implementing this plan will generate money for local businesses, attractions, hotels, the wedding industry, and much more. A city that invests in its history, not only grows, it thrives. I have seen this first hand in Savannah, GA in neighborhoods that were once abandoned and are now hubs of cultural activity. Council Members, I ask that you read the plan's goals, strategies, and case studies, and consider supporting it. ThankYou

As a local history professor, resident of Corpus Christi, and former member of the Landmark Commission, I am writing in support of the proposed Historic Preservation Plan for the City of Corpus Christi. Historic preservation can stimulate business development. It also enhances tourism by giving visitors a better sense of the roots of the place that they are visiting. Most importantly, historic neighborhoods, structures, and sites are a point of pride for a community's residents. In Corpus Christi, we have a strong interest in the history of our families and communities, yet our city has lost so many of the structures that were part of this rich history. This preservation plan would help the city collaborate with diverse stakeholders to carefully and responsibly preserve our city's heritage before we have fewer and fewer opportunities to do so. Because it is important that we are proactive in this process, I urge you to adopt this well-designed plan.
