**CAPTION:**

Public Hearing for Proposed Bond 2018 Program

**PURPOSE:**

The purpose of this item is to hold a Public Hearing and obtain Planning Commission input on the proposed Bond 2018 Program and a recommendation for City Council approval of the Program.

**BACKGROUND:**

The City Council has expressed interest in a November 2018 General Obligation Bond Election consisting of street, street-related, and facility improvements. As per City Charter, the Planning Commission is tasked to review and make recommendations to the City Council on any capital improvement bond program. The staff-recommended list of projects for a future bond election consists of seven (7) Propositions. The first two Propositions, valued at \$52 Million and \$22 Million respectively, represents streets in the greatest need of reconstruction. The remaining five (5) Propositions, valued in the aggregate at \$22 Million, represent needed improvements to City facilities. A summary of the proposed Propositions and their projects are included in the supporting documentation.
