

## 806 14<sup>TH</sup> ST – RESIDENTIAL & ACCESSORY STRUCTURE(S)

- Substandard case started 2/9/2024

Structures deemed substandard based on the following findings:

- Structures do not meet the minimum requirements and standards as set forth in the Corpus Christi Property Maintenance Code.
- Exterior of the structures are not in good repair, are not structurally sound, and do not prevent the elements or rodents from entering the structures.
- Interior of the structures are not in good repair, are not structurally sound, and are not in a sanitary condition.
- Structures are unfit for human occupancy and found to be dangerous to the life, health, and safety of the public.

City Recommendation: Demolition of residential & accessory structure(s)

(Building Survey attached)

Property located in a residential area.

According to NCAD, no recorded deed on file.

DATE	NAME	CONTACT DETAILS
2/26/2024	ABUNDIO NAVA III	HE CALLED AND STATED THAT HE MAY OR MAY NOT PAY THE BACK TAXES SO THAT HE CAN ADVERSE POSSESS THE PROPERTY. IF HE DOES NOT DECIDE TO TAKE OWNERSHIP, HE DOES NOT WANT ANY RESPONSIBILITY FOR THE PROPERTY.
2/28/2024	MARIA TERESA NAVA	HEIR TO PROPERTY-DAUGHTER TO DECEASED SON ABUNDIO NAVA JR. SHE STATED SHE WAS SUPPOSEDLY THE OWNER BASED ON WHAT FAMILY HAS STATED BUT NO LEGAL PAPERWORK WAS EVER FILED. SHE STATED HER UNCLE DANIEL NAVA WAS IN A MENTAL HOSPITAL SOMEWHERE AND HER UNCLE ROGER NAVA WAS LIVING AT THE PROPERTY ABOUT SIX MONTHS AGO WITHOUT UTILITIES AND LETTING OTHER PEOPLE SQUAT THERE. I PROVIDE HER THE INFORMATION TO LINEBARGER IN CASE SHE WANTS TO INQUIRE ABOUT THE ACTIVE LAWSUIT.
3/4/2024	ABUNDIO NAVA III	HE STATED NO INTEREST IN PROPERTY ONCE HE REALISED HOW MUCH BACK TAXES WERE OWED. HE DID SPEAK TO HIS AUNT TERESA VILLEGAS AND SHE HAS NO MEANS TO UPKEEP THE PROPERTY EITHER. NOTICE OF VIOLATION WILL BE SENT OUT TO HER SINCE SHE LIVES WITH HER SON. ABUNDIO ALSO STATED HIS UNCLE ROGER NAVA IS DECEASED BUT HAD NO IDEA WHERE HE MAY HAVE DIED AT DUE TO BEING IN A MENTAL HOSPITAL. UNKNOWN HEIRS NOTICES WILL BE

### 806 14<sup>TH</sup> ST – RESIDENTIAL & ACCESSORY STRUCTURE(S)

		SENT IN HIS NAME TO THE PROPERTY ADDRESSES.
6/13/2024	Theresa Villegas	She stated her brother Daniel Nava who recently died had been receiving notices for the property. I explained to her we had several cases on the property including VB, UVB, and substandard. I explained the process to her regarding the substandard procedures we follow, and that 804 14th St. was scheduled to go to the board in July. She explained no one can take care of the property or pay back taxes and understands that the state of the property can not stay in the condition.

**Case # V224432-020924**

**OWNER: Abundio Nava Jr & WF Maria**

**Code Compliance Supervisor  
Roland Maldonado**

Dear Board Members:

Pursuant to Article II and in accordance with Section 13-22(B), of the Corpus Christi Property Maintenance Code, this Department has initiated and prepared the above listed case for your review and consideration. On **February 8, 2024**, the code official determined that there were reasonable grounds to believe there was a violation(s) of the Corpus Christi Property Maintenance Code or any rule or regulation concerning the health, safety, or general welfare adopted by the city as it relates to structures or premises and gave notice of such alleged violation to the owner of the property. Thirty days have elapsed since the notice of violation(s) was provided and such violation(s) have not been cured.

Staff recommends a hearing be set for not less than ten (10) days or more than forty-five (45) days from the date of this complaint. At this hearing staff recommendation for the above listed property will be repair/**demolition**.

If you have any questions concerning the above, please call (361) 826-3046.

Roland Maldonado  
Supervisor  
Development Services  
Code Compliance Division

**VIOLATION(S): 806 14<sup>TH</sup> ST.**

108.1 General. When a structure or equipment is found by the code official to be unsafe, or when a structure is found unfit for human occupancy, or is found to be an unlawful structure, the structure or equipment shall be deemed a threat to the public health, safety or welfare.

\*\*\*

108.1.1 Unsafe structures. An unsafe structure is one that is found to be dangerous to the life, health, property or safety of the public or the occupants of the structure by not providing minimum safeguards to protect or warn occupants in the event of fire, or because such structure contains unsafe equipment or is so damaged, decayed, dilapidated, structurally unsafe or of such faulty construction or unstable foundation, that partial or complete collapse is possible.

\*\*\*

108.1.3 Structure unfit for human occupancy. A structure is unfit for human occupancy whenever the code official finds that such structure is unsafe, unlawful or, because of the degree to which the structure is in disrepair or lacks maintenance, is insanitary, vermin or rat infested, contains filth and contamination, or lacks ventilation, illumination, sanitary or heating facilities or other essential equipment required by this code, or because the location of the structure constitutes a hazard to the occupants of the structure or to the public.

\*\*\*

108.1.5 Dangerous structure or premises. For the purpose of this code, any structure or premises that has any or all of the conditions or defects described below, but which is not limited to those described below, shall be considered dangerous and may be deemed substandard:

1. Any door, aisle, passageway, stairway, exit or other means of egress that does not conform to the approved building or fire code of this City as related to the requirements for existing buildings.
2. The walking surface of any aisle, passageway, stairway, exit or other means of egress is so warped, worn loose, torn or otherwise unsafe as to not provide safe and adequate means of egress.
3. Any portion of a building, structure or appurtenance that has been damaged by fire, earthquake, wind, flood, deterioration, neglect, abandonment, vandalism or by any other cause to such an extent that it is likely to partially or completely collapse, or to become detached or dislodged, or which cannot be expected to withstand winds of hurricane force.
4. Any portion of a building, or any member, appurtenance or ornamentation on the exterior thereof that is not of sufficient strength or stability, or is not so anchored, attached or fastened in place so as to be capable of resisting natural or artificial loads of one and one-half the original designed value.
5. The building or structure, or part of the building or structure, because of dilapidation, deterioration, decay, faulty construction, the removal or movement of some portion of the ground necessary for the support, or for any other reason, is likely to partially or completely collapse, or some portion of the foundation or underpinning of the building or structure is likely to fail or give way.
6. The building or structure, or any portion thereof, is clearly unsafe for its use and occupancy.
7. The building or structure is neglected, damaged, dilapidated, unsecured or abandoned so as to become an attractive nuisance to children who might play in the building or structure to their danger, becomes a harbor for vagrants, criminals or immoral persons, or enables persons to resort to the building or structure for committing a nuisance or an unlawful act.
8. Any building or structure has been constructed, exists or is maintained in violation of any specific requirement or prohibition applicable to such building or structure provided by the approved building or fire code of the jurisdiction, or of any law or ordinance to such an extent as to present either a substantial risk of fire, building collapse or any other threat to life and safety.
9. A building or structure, used or intended to be used for dwelling purposes, because of inadequate maintenance, dilapidation, decay, damage, faulty construction or arrangement, inadequate light. Ventilation, electrical, mechanical, or plumbing system, or otherwise, is determined by the code official to be unsanitary, unfit for human habitation or in such a condition that is likely to cause sickness or disease, including all conditions conducive to the harboring of rats or mice or other disease-carrying animals or insects reasonably calculated to spread disease.
10. Any building or structure, because of a lack of sufficient or proper fire- resistance-rated construction, fire protection systems, electrical system, fuel connections, mechanical system, plumbing system or other cause, is determined by the code official to be a threat to life or health.
11. All buildings or structures which have pit privies where the same are not permitted by law or which are

not connected to the city sewer when required by law or where inadequate and unsanitary pit privies or septic tanks exist.

12. Any portion of a building remains on a site after the demolition or destruction of the building or structure or whenever any building or structure is abandoned so as to constitute such building or portion thereof as an attractive nuisance or hazard to the public.

\*\*\*

302.7 Accessory structures. All accessory structures, including detached garages, shall be maintained structurally sound and in good repair.

\*\*\*

304.1 General. The exterior of a structure shall be maintained in good repair, structurally sound and sanitary so as not to pose a threat to the public health, safety or welfare.

\*\*\*

304.10 Stairways, decks, porches and balconies. Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.

\*\*\*

304.12 Handrails and guards. Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.

\*\*\*

304.13 Window, skylight and door frames. Every window, skylight, door and frame shall be kept in sound condition, good repair and weather tight.

\*\*\*

304.13.1 Glazing. Glazing materials shall be maintained free from cracks and holes.

\*\*\*

304.13.2 Openable windows. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.

\*\*\*

304.15 Doors. Exterior doors, door assemblies, operator systems if provided, and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3.

\*\*\*

304.4 Structural members. Structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.

\*\*\*

304.4 Structural members. Structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.

\*\*\*

304.5 Foundation. All foundations, piers, or other structural elements shall be maintained plumb and capable of adequate support, free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.

\*\*\*

304.6 Exterior walls. Exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.

\*\*\*

304.7 Roofs and drainage. The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.

\*\*\*

305.1 General. The interior of a structure and equipment therein shall be maintained in good repair, structurally sound and in a sanitary condition. Occupants shall keep that part of the structure which they occupy or control in a clean and sanitary condition. Every owner of a structure containing a rooming house, housekeeping units, a hotel, a dormitory, two or more dwelling units or two or more nonresidential occupancies, shall maintain, in a clean and sanitary condition, the shared or public areas of the structure and exterior property.

\*\*\*

305.2 Structural members. Structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.

\*\*\*

305.3 Interior surfaces. Interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected.

\*\*\*

305.4 Stairs and walking surfaces. Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.

\*\*\*

305.6 Interior doors. Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.

\*\*\*

309.1 Infestation. All structures shall be kept free from insect and rodent infestation. All structures in which insects or rodents are found shall be promptly exterminated by approved processes that will not be injurious to human health. After pest elimination, proper precautions shall be taken to prevent reinfestation.

\*\*\*

604.3 Electrical system hazards. Where it is found that the electrical system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, improper fusing, insufficient receptacle and lighting outlets, improper wiring or installation, deterioration or damage, or for similar reasons, to include but not limited to hazards associated with fire exposure, the code official shall require the defects to be corrected to eliminate the hazard.

\*\*\*

605.2 Receptacles. Every habitable space in a dwelling shall contain not less than two separate and remote receptacle outlets. Every laundry area shall contain not less than one grounding-type receptacle or a receptacle with a ground fault circuit interrupter. Every bathroom shall contain not less than one receptacle. Any new bathroom receptacle outlet shall have ground fault circuit interrupter protection. All receptacle outlets shall have the appropriate faceplate cover for the location.

\*\*\*

605.3 Luminaires. Every public hall, interior stairway, toilet room, kitchen, bathroom, laundry room, boiler room and furnace room shall contain not less than one electric luminaire. Pool and spa luminaires over 15 V shall have ground fault circuit interrupter protection.

\*\*\*

702.1 General. A safe, continuous and unobstructed path of travel shall be provided from any point in a building or structure to the public way. Means of egress shall comply with the International Fire Code as adopted and amended by the City.
