

CORPUS CHRISTI REGIONAL TRANSPORTATION AUTHORITY

Five (5) vacancies with terms ending 6-30-2026, representing the following categories: 4 - City and 1 - Transportation Disadvantaged.

Duties

The Corpus Christi Regional Transportation Authority operates and provides for a public transportation system for Nueces County and the cities included in the Authority.

Composition

Board of Directors consist of eleven (11) members - five (5) appointed by the City Council; three (3) appointed by Nueces County Commissioners Court; two (2) appointed by the Mayors of Cities in the Transit Authority other than Corpus Christi (Agua Dulce, Bishop, Driscoll, Gregory, Port Aransas, Robstown and City of San Patricio); and the Chairman who is appointed by the Board. The principal municipality shall make its appointments to the board so that at least one of the appointees is designated to represent the interests of the transportation disadvantaged (elderly, persons with disabilities or low-income individual.) The statute does not mandate that this Board member be transportation disadvantaged. If the Chairman is from the membership, the entity that appointed that person will appoint a replacement. Terms shall be for two years; members may serve up to eight consecutive years per State Law. The State Sunset Committee suggests that the appointing bodies should consider the appointment of a regular rider of the transit system. A member of the board must be a qualified voter residing in the authority.

Creation/Authority

Ordinance No. 18285 in accordance with Article 1118x, V.A.C.S. Approved by electors in the cities of Corpus Christi, Agua Dulce, Driscoll, Gregory, Robstown, San Patricio, and in Nueces County on August 10, 1985. Resolution No. 20363- Amended terms to two-years and set an eight-year service limitation for members; House Bill 1621. Transportation Code, Chapter 451.501, Metropolitan Rapid Transit Authorities.

Why are you interested in serving on a City board, commission or committee?

I am interested in serving on the City of Corpus Christi RTA board because as Moshe Feldenkrais so brilliantly stated "Movement (transportation) is life. Life is a process. Improve the quality of the process and you improve the quality of life itself." Corpus Christi is an amazing city with wonderful residents. I would love to be part of the movement that improves the process which would improve the quality of an already phenomenal city. Furthermore, although I do not have any disabilities I do have family members, clients, and friends who are either elderly, have disabilities or are low income. I have heard their struggles with transportation and would love to be their voice on the RTA.

I have had years of experience dealing with the needs of disadvantaged transportation deprived individuals. I have seen first hand how we can empower persons how we can rejuvenate individuals who are challenged because of mobility. I would love to be that voice. I have seen first hand what mobility means ... think back remember the freedom when you first rode a bike .. When you first drove ... how it felt ...the whole world ... because you are elderly disadvantaged or poor you should not be denied this, your ability to go to the doctor to the store. To live

Why are you interested in serving on a City board, commission or committee?

I have always been interested in service to the community as reflected by my professional background and community involvement. I do not like to serve, in any role, if I cannot fully commit my time and energy. Therefore, I took a hiatus from my community involvement after the birth of my first child. Now that my children are older, I am ready to give back. I have relevant experience managing budgets, two for elected governmental offices, and one with my current firm. I possess excellent leadership skills and initiative. I think this particular board is critical to servicing the needs of our community and I am ready to have positive impact on its future.

Explain how you represent the interests of the transportation disadvantaged. (If No, enter "N/A")

While I am not myself "transportation disadvantaged," I am able to represent the interests of the transportation disadvantaged. As a former Judge, I understand the impact that a lack of transportation can have on some members of our community. Due to my experience as a former Justice of the Peace and a former judge of County Court at Law No. 5, I understand that the RTA is the only reliable method of transportation available to those who need to get to work, to school, and to other services.
