

July 25, 2013

Mickie Flores, EMT-P
Battalion Chief, EMS Division
City of Corpus Christi Fire Department
2406 Leopard Street, Suite 200
Corpus Christi, Texas 78408

Battalion Chief Flores:

CHRISTUS Spohn Health System would like to donate \$64,316.30 to the Corpus Christi Fire Department for the purchase of two (2) Zoll X-series defibrillators and its associated connectors, sensors and batteries.

CHRISTUS Spohn recognizes the importance of this enabling technology for the community. We are proud to be able to make this cash donation to the Corpus Christi Fire Department. Every healthcare facility emergency room that serves the emergent needs of our community in South Texas appreciates the excellent service and patient care provided by the CCFD EMS.

Once you have completed your internal approval process to accept our cash donation, we will process the check in accordance to your directions.

The attached quote from Zoll indicates the model number and associated equipment that we used to determine the amount of our donation.

I look forward to hearing from you.

Regards,

Paul Gaden
Vice President/Chief Operating Officer
