1.) Corpus Christi convention and Visitors bureau 2.) Clean city advisory committee 3.) Arts and cultural commision

**Why are you interested in serving on a City board, commission or committee?**

I believe there is an untapped potential in the coastal bend. This untapped potential comes from the inclusion of various members of the community with diverse demographics who work together for the betterment of the community, and the underserved individuals of the community. I chose these specific city organizations because I feel these are the few cornerstones of the coastal bend community. If we were to advance any of these aspects of the city, growth would come organically.

**Why are you interested in serving on a City board, commission or committee?**

I believe my nine years of experience in the hospitality industry, specifically with the largest hotel in Corpus Christi, would provide great insight and expertise while serving on the board. As the host hotel for the majority of our city-wide group business and the closest hotel to the Convention Center, our clientele are some of the same for the city. I believe my input and experience with booking these types of groups would be a contribution to the overall success of the CVB board. I have a strong interest in the projected growth of our convention-related business and tourism growth in our area as a whole. Serving on the board would also allow my hotel to remain in the know with the most up to date information regarding our ever changing industry. My team and I travel regularly to bid on potential business and represent our city as ambassadors of Corpus Christi. My experience within the tourism industry will compliment the other industries represented on the board and allow me to serve our community.

This was a very last minute shoot that I couldn't refuse. When else can I invite Roger Creager to visit our family's barbeque place AND get to photograph him with his dad? I said yes immediately! We photographed Roger and his dad enjoying an ice cold beer and having a good ol' time. Then we got a few posed and natural / candid shots of the two of them against some 200 year old doors and a 60 year old hut with the Texas flag painted on the side.
