

TRANSPORTATION ADVISORY COMMISSION

Three (3) vacancies with terms to 5-1-25, representing the following categories: 3 - Regular Members.

Duties

The Transportation Advisory Commission is responsible for providing a public forum for the discussion of proposed ordinances or actions relating to traffic operations and transportation planning matters; advise the City Council and City Manager or designee on traffic regulations and Chapter 53 – TRAFFIC of the Corpus Christi Municipal Code; conduct any required public hearing for the purposes of obtaining federal and state financial assistance for proposed transportation improvement projects (the substance of any comments and review by the Transportation Advisory Commission will be summarized for City Council); independently review grant applications for transportation improvement projects; promote public knowledge of traffic enforcement and understanding of City transportation issues; promote public acceptance of transportation programs that are proposed or initiated by the City and provide advice on regional transportation issues; provide recommendations on mobility, access management, and traffic safety issues for the City’s multi-modal transportation system; provide recommendations on transportation aspects of the City’s Capital Improvements Program; monitor the implementation and evaluate the City’s mobility-related master plans; submit annual reports to the Planning Commission and City Council; independently review traffic safety reports for City streets and provide recommendations for traffic safety-related improvements; research, develop, analyze, evaluate, and implement coordinated traffic safety and transportation programs which meet local needs; independently review the decisions, orders, and warrants of the City Traffic Engineer concerning installation of traffic control devices, establishment of traffic regulations and hear citizen comments concerning these matters; act on access management issues in the City’s Unified Development Code and make recommendations on traffic impact analysis as per the Unified Development Code to the Planning Commission and City Council.

Composition

Nine (9) residents of the City appointed by the City Council for three-year terms. At least one (1) member shall be a representative of the bicycling community. The terms of three (3) members shall expire on May 1st of each year. The Commission elects a Chairman and Vice-Chairman annually at the first regular meeting following the annual appointments in May. The City Manager or designee may recommend for appointment ex-officio members. The Commission is authorized to appoint, as ex-officio members without voting privileges, any additional members.

Creation/Authority

Section 2-120, Code of Ordinances. Ordinance No. 3679, 3-3-54; amended by Ord. Nos. 6577, 10079, 10912, 11841, 17526, 20294 -5-3-88; amended by Ordinance No. 30474, 4/14/15.

Board-specific questions (if applicable)

The Transportation Advisory Commission must have at least one member who represents the bicycling community. Do you qualify for this category?

Yes No

Verification

City Code Requirement - Residency

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served.

I Agree

City Code Requirement - Attendance

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

I Agree

Consent for Release of Information

I understand that if any member of the public makes a request for information included in this application or in any attachment (e.g. resume or supporting documentation) for appointment it is subject to and must be disclosed under the Texas Public Information Act. I understand that under the Texas Public Information Act, my home address and home telephone number is subject to public disclosure unless I am elected or appointed to the position which I seek. I hereby consent to the release of my home address and home telephone number should it be requested under the Texas Public Information Act prior to my possible appointment or election. I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Texas Public Information Act.

I Agree

Oath

I swear that all of the statements included in my application and attached documents, if any, are true and correct.

Work Experience

April 2018-Present: Program Manager. Oversees and manages the operational aspects of ongoing projects with DLA Aviation to support the Corpus Christi Army Depot. Serves as the principal liaison between DLA at CCAD and the company as well as the liaison between project management and planning, project team, and line management. Reviews status of the project and budgets; manages schedules and prepares status reports. Assesses project issues and develops resolutions to meet productivity, quality, and client-satisfaction goals and objectives. Develops mechanisms for monitoring project progress and for intervention and problem solving with project managers, line managers, and clients. Liaise with Sikorsky Business Development and CCAD for new partnership initiatives with the goal of increasing the depot's capabilities to repair new and emerging technologies. Successfully championed and drove to completion a Direct Sales Partnering Agreement with CCAD.

April 2018-July 2018: Inventory Management and Bin Replenishment Improvement Process Team Lead. Responsible for leading a team of software developers creating improvements and fixing issues with the Warehouse Management Systems and hand-held Barcode scanners supporting Lockheed Martin's Industrial Prime Vendor (IPV) contract with the Defense Logistics Agency. Conduct daily Scrum meetings to ensure project tasks are being performed to meet sprint deadlines. Review change requests and task requirements to ensure business and contract compliance.

October 2012-April 2018: Sikorsky Aircraft Operations Manager: Responsible for the coordination of the Materials, Technical support and Engineering teams for Sikorsky Aircraft's Technical, Engineering, Logistics Support and Services (TELSS) contract with Army Material Command for the Corpus Christi Army Depot(CCAD). Assists the CCAD Program Manager and act in her stead in managing all business activities associated with the Technical, Engineering, and Logistic goals in accordance with established metrics for the H-60 components and airframes contracted for the partnership. Assists in the management of process improvement, production material and material support services, information technology, and warehousing activities for the program. Work closely with the Program Manager and the Material Planning and Control Manager on all aspects of the TELSS contract, from contract award to the end of the contract period of performance, encompassing the coordination and/or support of the Program Operating Plan, Program Implementation Plan, and Program Execution Plan.

Other responsibilities include:

- Management of the day-to-day operations for the Sikorsky on-site teams.

- Coordination and monitoring the work of the departments involved in production, warehousing, and distribution.

- Participate in all CCAD Operations / Production meetings.

- Actively manage all (Sikorsky on site) Facility, Manpower, Production Systems, Production Scheduling, and Production Performance initiatives as they pertain to the execution of this contract and its schedules.

- Actively manage daily Sikorsky production operations meeting to identify material shortages and aircraft status

- Contribute to short and long-term organizational planning and strategy as a member of the program management team

- Manage and increase the effectiveness and efficiency of support services through improvements to each function as well as coordination between support and business functions

February 2010-October 2012: Derco Aerospace Inc. Director of Logistics Programs: Responsible for the management and execution of multiple logistics programs of various sizes with a total value of more than \$50M annually. Acts as liaison between cross-contract entities, customer and corporate interests. Led Derco Logistics team to AS 9120 Certification, VPP Star Certification and ACE Bronze compliance. Oversaw the material forecasting and supply chain management for T34/44 aircraft and UH-60 Blackhawk components. Ensured supplier compliance to the United Technologies Corporation Quality Standard. I was responsible for a 25% increase in revenue for the CCAD program.

November 2003-February 2010. Dercos Aerospace Inc. Project Manager: Through various projects and roles, coordinated the efforts of the warehouse team to ensure timely and efficient receipt, storage, picking and delivery of Blackhawk Helicopter parts in support of the recapitalization of Sikorsky's Blackhawk Helicopter and components at the Corpus Christi Army Depot. Responsible for the forecasting, purchasing and overall supply chain management of the materials required for the overhaul of 23 unique Blackhawk Components managed by Dercos Aerospace. Critical shortages were reduced from 30% to less than 0.1%.

May 1983-October 2003. United States Navy. Aviation Repairables Manager: Directly responsible for maintaining 100% inventory accuracy and stock levels at various duty stations in the Continental United States, Overseas and shipboard locations.

Skills:

Continuous Improvement: Qualified Lean/Six Sigma Green Belt

Leadership: Lead several diverse teams and departments in a matrix organization with successful results.

Project Manager: Project Manager for the successful implementation of SAP in the warehouse

Software Integration Team: Key player in the implementation of ERP upgrades

Database Administrator: Maintained data integrity of specialized Naval shipboard supply systems database. Performed weekly backups and reviewed output products for accuracy.

Aircraft Maintenance Control. Naval Aviation Maintenance Program (NAMP)

Education/

Training

Project Management Institute (PMI). –Certified Project Management Professional (PMP).

Embry-Riddle Aeronautical University. –MS Project Management. Distinction.

Embry-Riddle Aeronautical University. –MS Management. (Logistics and Supply Chain) Distinction.

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

No.

Education, Professional and/or Community Activity (Present)

Bachelor of Education undergraduate degree; graduate level coursework in political science, public administration. Current part-time position at CBCIL is resource/grant acquisition, new program development, special projects. I have a Housing Navigator contract with Coastal Bend COG-Area Aging on Aging/Aging & Disability Resource Center. Founder of local non-profit organizations: Coastal Bend Center for Independent Living, Accessible Housing Resources Inc (AHRI), Riley Gardens, Inc, 1602 South Staples Housing. Current: member of CBCOG Comprehensive Economic Development Strategies Committee; Board president of AHRI and 1602 South Staples Street Housing; attendee, City Homelessness Network; Board Secretary Coalition of Texans with Disabilities; and local member of the National Low Income Housing Council. Former: Regional Transportation Authority Board (Transit Disadvantaged City appointee); Nueces County MHMR (County appointee); Workforce Development (County appointee); Committee for Persons with Disabilities (City appointee); president of League of Women Voters.

Why are you interested in serving on a City board, commission or committee?

My interests and skill sets are aligned with the type of citizen input I believe is needed to assist the City to plan, develop and sustain a thriving community where everyone has equal access to quality of life. I want to contribute to the task before City leadership to set direction for the development of a plan for housing affordability for all its citizens and the connection with transportation and economic development. I want to see our City promote universal design of the built environment and support the growth of small locally-owned enterprises. Working and volunteering as an advocate for individuals with disabilities and accessibility for all has provided a valuable perspective in these challenges. Closing the equity gaps in the City can happen through systems change and through the mechanisms in place that engage citizen input. Neighborhood revitalization and re-investment and more creative "smart" approaches to growth, such as land trusts, land banks, and incremental development. Efforts to improve the City's multi-modality and Vision Zero Initiative are particular interests of mine.

Note:

CBCIL is a federally funded non-profit 501-c-3, independent organization that is consumer-controlled, cross-disability, non-residential, and established by a majority of individuals with disabilities to provide core services of information & referral, independent living skills training, peer counseling, advocacy and transition services to individuals with disabilities. CBCIL administers programs with grant funding and contracts that provide home modifications and residential wheelchair ramps, relocation assistance from nursing facilities to community, healthcare insurance navigation, tenant-based rental assistance vouchers, mobility and transportation assistance, CLASS Medicaid Waiver case management, consumer-directed financial assistance, Assistive Technology demonstration, and advocacy development training. Services are provided to people with disabilities in the Coastal Bend, Victoria area and the Rio Grande Valley, by a diverse workforce of twenty-five employees, over half of whom have disabilities.
