Interests & Experiences

Are you a registered voter?

☒ Yes ☐ No

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

Yes, I currently serve on the Zoning Board of Adjustment (ZBA). If appointed to Planning Commission, I would vacate my position on the ZBA.

Education, Professional and/or Community Activity (Present)

Bachelor of Science in Civil Engineering, Professional Engineer (licensed in Texas), graduate of Leadership Corpus Christi Class 46, founder and current chair of Canstruction Corpus Christi (non-profit, hunger relief), past-president of American Society of Civil Engineers (ASCE) Corpus Christi branch

Why are you interested in serving on a City board, commission or committee?

Due to my profession and expertise, I feel I am perfectly suited to serve on planning commission. I routinely work with platting and zoning cases and help clients navigate through the codes and regulations. I am very familiar with the UDC, and feel I would be a good asset for the city on this board. I have represented clients before the planning commission, and am familiar with the way the commission works. I feel I could bring specific expertise to the board that may be needed when the current chair (a civil engineer like myself) terms out.

☒ Yes ☐ No

Are you, your spouse, your business or your spouse's business involved in any pending bid, proposal or negotiation in connection with a contract with the City?

☐ Yes ☒ No

Do you or your spouse have a pending claim, lawsuit or proceeding against the City?

☐ Yes ☒ No

If you answer "Yes" to any of the questions above, please explain or ask to speak with the City's Legal Department.

1. My employer, Urban Engineering, has contracts with the city to provide engineering services on various projects. 2. Myself and other consultants at Urban Engineering represent clients before planning commission for various projects. Therefore, I anticipate there will be instances when I have to recuse myself to avoid potential for conflicts of interest. As other local consulting engineer's like myself have served on planning commission, I do not believe this to be a major issue. But, I am open to discussing further as needed.
