Request for Waiver

This request for waiver is in response to Engineering Plat Review Comment for sanitary sewer Public Improvement and to acknowledge and note.

As per UDC Section for Article 8 8.1.4.C Waste water Public Improvements Required and 8.1.5 Continuity of Improvements – According to the city master plan, waste water tie-in service is unfeasible, and will be provided through an On-Site Private System in compliance with all state and City of Corpus Christi plumbing codes.

Sincerely,
