BOARD DETAILS

The Electrical Advisory Board shall review grievances filed against any licensed electrical contractor and other grievances filed within the scope of the City Electrical Code, and concur on a proposed alternative material, alternate method of construction, or technical ruling prior to such alternative or ruling becoming effective. Furthermore, the Electrical Advisory Board shall have the power, after having obtained public comment, to recommend to the City Council changes to the City Electrical Code.

COMPOSITION

Ten (10) persons appointed by the City Council: two (2) persons with at least five years active experience as a master electrician; one (1) person with at least five years active experience as a journeyman electrician; two (2) engineers, one (1) of whom shall have a bachelor of science degree in electrical engineering and a minimum of five (5) years experience in the practice of electrical engineering, preference for appointment may be given to professional engineers licensed in the State of Texas; one (1) person with five (5) years experience in the commercial building industry; one (1) person with five (5) years experience in the home building industry; one (1) person not connected with the electrical industry; one (1) person who shall be a field representative from a utility power distribution company that services the Corpus Christi area and have had at least five (5) years of experience; and one (1) person who shall have at least five (5) years of experience in the electrical supply business. Six (6) members of the Board constitute a quorum, and concurring vote of not less than six (6) members is necessary to constitute an official action of the Board. Members serve two-year staggered terms.

CREATION / AUTHORITY

Section 14-226(b), Code of Ordinances; Ord. Nos. 9499, 9606, 9612, 13125, 13617, 17475; 021076 - 2/12/91; 021208 - 8/06/91; 025467 9/09/03; 026426 8-30-05; 027119 1-23-07, 029726 1/15/13; Ord. No. 30590 - 8/25/15.

MEETS

Once quarterly, on the 4th Thursday of the month in which called, 3:00 p.m., Frost Bank Building, Fire Departments Conference Room, 3rd Floor; and on call as deemed necessary.

TERM DETAILS

Two-year staggered terms.

John McMullan Page 5 of 5

J. Douglas McMullan, P.E. Project Engineer

Engineering Experience

Urban Engineering, Project Engineer (2011 to Present)
Freese and Nichols, Project Engineer (2008 to 2011)
Urban Engineering, Project Engineer (1997 to 2008)
Ainley & Associates, Ltd., Project Engineer (1995 to 1997)
Barrie Inspection & Testing Field Engineer (1994 to 1995)
Henderson Paddon & Assoc, Ltd., Engineering Technician (1987 to 1992)

During his eighteen years as a project engineer Mr. McMullan has provided design and project management services on water/wastewater utility, wastewater treatment, street rehabilitation and environmental projects. Mr. McMullan has prepared fee proposals, negotiated with clients and facilitated the design, bidding and construction administration of projects. Mr. McMullan has also prepared the scope of services for electrical, geotechnical, structural and environmental sub- consultants and negotiated contracts with them to undertake the work. Mr. McMullan has provided direction to drafting and technical leads in the design and preparation of contract documents. He has supervised the preparation of permit applications for TxDOT, USACE, TGLO, TPDES (wastewater discharge), re-use of treated effluent and air emissions. Through his design and project management experience Mr. McMullan has assisted many clients in realizing their project goals in an economical and efficient manner.

Selected Major Projects

Water:

- Padre Island Water Line and Gas Line Extension Phase 2 (E10172), Project Manager
- Padre Island Water Supply Improvements Phase 1 (E10172), Project Manager
- Valero Three Rivers Water Supply Improvements
- Harbor Island Water Supply Improvements, Project Manager
- Staples Street Pumping Station New 10 MGD Pumps (E12004), Project Manager
- City Wide Water Distribution System Repair and Replacement IDIQ Procurement (8610), Project Manager
- Southside Water Transmission Main Phases 2 through 6, Project Engineer/Project Manager

Wastewater:

- Park Road 22 Lift Station and Force Main, Project Engineer, Project Manager
- City-Wide Wastewater Collection System R & R IDIQ, Project Manager
- City of Corpus Christi Arcadia Lift Station Odor Control, Project Engineer
- Broadway Basin SSO-I/I and Rehabilitation Stage II, Project Manager
- Broadway Basin Sanitary Sewer Evaluation Study, Project Manager
- Broadway WWTP Basin Service Area Sewer Line Rehabilitation, Project Manager
- City of Three Rivers Treated Effluent Force Main, Project Engineer, Project Manager
- City of Rockport Sanitary Sewer Rehabilitation, Project Manager

Summary of Qualification:

- Over 30 years of military materials management and control experience that includes maintenance and accountability of multi-million dollar inventories.
- 10 years of experience in Project Management.
- Computer literate: Windows 10, MS Office Suite, MS Project, IFS ERP system
- Documented history of sustained, superior work performance.

Key Attributes:

Management/Supervision Budgeting Inventory Control

Instructor Data Management/Reporting Specialized Databases Shipping/Receiving

Financial/Accounting Procurement

Work Experience

October 2012-Present: Sikorsky Aircraft Operations Manager: Responsible for the coordination of the Materials, Technical support and Engineering teams for Sikorsky Aircraft's Technical, Engineering, Logistics Support and Services (TELSS) contract with Army Material Command for the Corpus Christi Army Depot(CCAD). Assists the CCAD Program Manager in managing all business activities associated with the Technical, Engineering, and Logistic goals in accordance with established metrics for the H-60 components and airframes contracted for the partnership. I assist in the management of process improvement, production material and material support services, information technology, and warehousing activities for the program. I work closely with the Program Manager and the Material Planning and Control Manager on all aspects of the TELSS contract, from contract award to the end of the contract period of performance, encompassing the coordination and/or support of the Program Operating Plan, Program Implementation Plan, and Program Execution Plan.

Other responsibilities include:

- Management of the day-to-day operations for the Sikorsky on-site teams.
- Coordination and monitoring the work of the departments involved in production, warehousing, and distribution.
- Participate in all CCAD Operations / Production meetings.
- Actively manage all (Sikorsky on site) Facility, Manpower, Production Systems, Production Scheduling, and Production Performance initiatives as they pertain to the execution of this contract and its schedules.
- Actively manage daily Sikorsky production operations meeting to identify material shortages and aircraft status
- Contribute to short and long-term organizational planning and strategy as a member of the program management team
- Manage and increase the effectiveness and efficiency of support services through improvements to each function as well as coordination between support and business functions

<u>February 2010-October 2012:</u> Derco Aerospace Inc. Director of Logistics Programs: Represents and advocates for the organization, bringing an understanding to and developing, articulating and facilitating an agenda for the promotion and marketing of the corporation. Responsible for the management and execution of multiple logistics programs. Acts as liaison between cross-contract entities, customer and corporate interests. Led Derco Logistics team to AS 9120 Certification, VPP Star Certification and ACE Bronze compliance. Oversaw the material forecasting and supply chain management for T34/44 aircraft and UH-60 Blackhawk components. Ensured supplier compliance to the United Technologies Corporation Quality Standard. I was responsible for a 25% increase in revenue for the CCAD program.

November 2003-February 2010. Derco Aerospace Inc. Project Manager: Through various projects and roles, coordinated the efforts of the warehouse team to ensure timely and efficient receipt, storage, picking and delivery of Blackhawk Helicopter parts in support of the recapitalization of Sikorsky's Blackhawk Helicopter and components at the Corpus Christi Army Depot. Responsible for the forecasting, purchasing and overall supply chain management of the materials required for the overhaul of 23 unique Blackhawk Components managed by Derco Aerospace. Critical shortages were reduced from 30% to less than 0.1%.

<u>May 1983-October 2003.</u> United States Navy. Aviation Repairables Manager: Directly responsible for maintaining 100% inventory accuracy and stock levels at various duty stations in the Continental United States, Overseas and shipboard locations.

Skills:

- Continuous Improvement: Qualified Associate of United Technologies Corporation ACE operating system.
- Leadership: Lead several diverse teams and departments with successful results.
- Project Manager: Project Manager for the successful implementation of SAP in the warehouse
- Software Integration Team: Key player in the implementation of ERP upgrades
- Database Administrator: Maintained data integrity of specialized Naval shipboard supply systems database. Performed weekly backups and reviewed output products for accuracy.

Education/

Training
