

# Connectivity & Support for Flashing Beacon Systems

---

(Five-Year Cooperative Agreement with  
Paradigm Traffic System)

City Council Presentation  
January 28, 2025

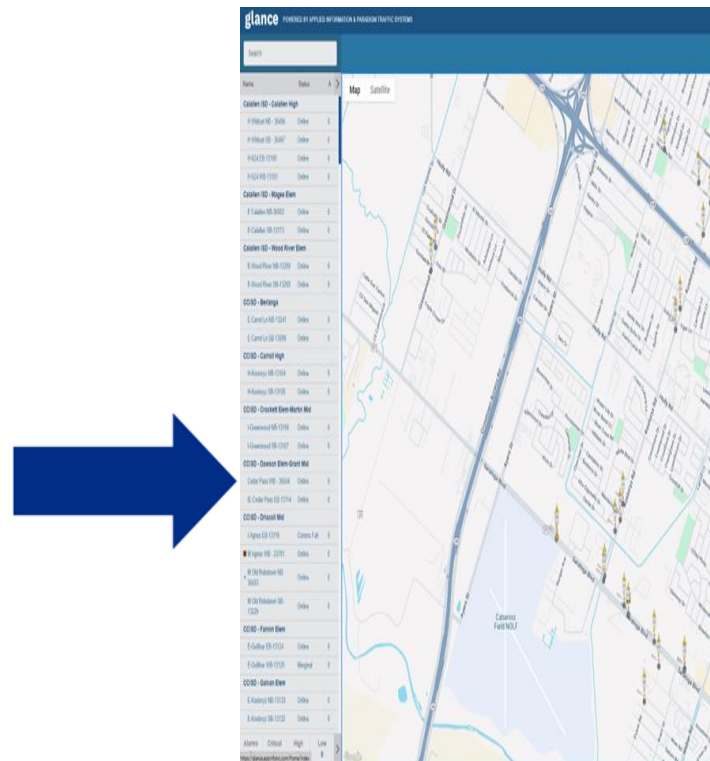

# Background

---

- July 2019 - City Council approved purchase of the Glance Software System.
- Public Works Department maintains 175 flashing beacons systems citywide:
  - 170 – School Zone Flashing Beacons
  - 1- NAS North Gate (Advance Warning)
  - 4 – Laguna Shores (Stop and Advance Warning)
- Renewing contract will maintain use of existing software and equipment used to manage malfunctioning equipment, perform schedule changes, and receive real-time alerts.

# Recommendation

---

- City Staff recommends support and approval of the five-year cooperative agreement system with Paradigm Traffic System to continue connectivity and communication to the existing 175 flashing beacon systems.
