**Why are you interested in serving on a City board, commission or committee?**

I am a former member and Chair of the Landmark Commission. I am interested in returning because of the positive momentum in the historic preservation movement I have observed in my time on the commission and since the expiration of my term. I have continued to be engaged with historic preservation in the city through raising awareness within the community, teaching Public History at TAMUCC, and conducting research for property seeking to be landmarked (Hotel Arya). Landmark Commission will allow me once again to participate in an official capacity and help continue and grow the momentum for preservation and grow local and visitor understanding of the rich history of our city.
