TERM LENGTH 2 Years

TERM LIMIT 8 Years

The Corpus Christi Regional Transportation Authority operates and provides for a public transportation system for Nueces County and the cities included in the Authority.

DETAILS

COMPOSITION

Board of Directors consist of eleven (11) members - five (5) appointed by the City Council; three (3) appointed by Nueces County Commissioners Court; two (2) appointed by the Mayors of Cities in the Transit Authority other than Corpus Christi, and the Chairman who is appointed by the Board. The principal municipality shall make its appointments to the board so that at least one of the appointees is designated to represent the interests of the transportation disadvantaged (elderly, persons with disabilities or low-income individual.) The statute does not mandate that this Board member be transportation disadvantaged. If the Chairman is from the membership, the entity that appointed that person will appoint a replacement. Terms shall be for two years; members may serve up to eight consecutive years as stated by State Law. The State Sunset Committee suggests that the appointing bodies should consider the appointment of a regular rider of the transit system. A member of the board must be a qualified voter residing in the authority.

Why are you interested in serving on a City board, commission or committee?

I am interested in serving on the City of Corpus Christi RTA board because as Moshe Feldenkrais so brilliantly stated "Movement (transportation) is life. Life is a process. Improve the quality of the process and you improve the quality of life itself." Corpus Christi is an amazing city with wonderful residents. I would love to be part of the movement that improves the process which would improve the quality of an already phenomenal city.

There are 55 boards & commissions with 607 total appointments...
Council members, Thank You for taking time to read our applications.
I put this 1-pager together for you to be efficient with your time:

In order to truly represent you, I believe all appointees can offer greater value by:

- 1) **Understanding the challenges our City is facing:** water supply development, infrastructure/utilities, job creation/retention, & truly represent the City's view.
- 2) **Offering a strong commitment to give 100%,** be engaged, and communicate with you as often as you request/ask. Some simply don't even read the agendas!
- 3) **Challenge the Status Quo & Focus on solutions that make sense both short & long term, and most importantly improve value to our citizens.**

I offer to you: a true understanding of the City's challenges, a very strong commitment, a willingness to challenge status quo, and a focus on solutions by putting my name in for your consideration for the Port of Corpus Christi.

I hope to have earned your support.
Respectfully submitted,

Chad Magill

Commitment is what transforms the promise into reality, investigation into understanding, ideas into substance...

It is the words that speak boldly of our intentions and the actions which speak louder than the words. It is making time when there is none. And commitment is coming through time after time, after time, year after year, after year...

Commitment is the stuff character is made of; The power to change the face of things. It is the daily triumph of integrity over skepticism.

When I say I love this community, I mean that I'm committed to love it, honor it and work for it, even in the face of adversity.

I truly hope I have your support to represent you.

Skills

I am proficient in Microsoft Word, PowerPoint, and Excel. I also have excellent interpersonal skills, as I have been in a management/supervisor position for twenty years. Over that time, I have developed the communication skills necessary to effectively resolve conflicts, deliver company initiatives, and train employees. I have also developed the skills of multitasking and prioritizing, as I have consistently managed multiple projects/departments at once.

In 2006, Carlos Vargas joined MV Transportation after nearly 19 years of experience in the field. In his second year of working with MV Transportation, he received the award of “New General Manager of the Year” for 2008. He manages the budget for the corporation, supervises a team of 80 employees, and oversees customer care.

Before coming to MV, he spent thirteen years with the Pharr-San Juan-Alamo ISD; seven years as a bus operator and six years as a dispatcher/supervisor. In January 2001, he became the Director of Transportation for McAllen ISD.

Carlos has received numerous certifications and training within the transportation field. A most recent certification was received at MV University General Manager training. His daughter Sara Eloisa graduated in May 2008 from TAMUK as an Electrical Engineer and currently works for Sam’s Club Corporate office in Rogers, Arkansas. In May-2010, his son Carlos Emmanuel graduated from TAMUCC with a degree in Biochemistry and currently attends Pacific Northwest University of Health Science in Yakima, Washington.

An important aspect of his life includes his family and friends, but of great importance, his wife. He also enjoys fishing, cooking, and his favorite barbecuing where he was awarded 1st place in the “2002-Backyard Chef” contest.
