

CONVENTION CENTER FLOOD MITIGATION (CONSTRUCTION)

Council Presentation: January 27, 2026

PROJECT MAPS

CONVENTION CENTER FLOOD MITIGATION (CONSTRUCTION)

PROJECT SCOPE

CONVENTION CENTER FLOOD MITIGATION (CONSTRUCTION)

The project includes the replacement of a stormwater pump station, along with associated gravity storm sewer improvements, force main installation, and electrical improvements on the west side of the Hilliard Center's Convention Center.

In addition to the pump station, within the area of work some landscaping and limited irrigation improvements are also included.
