RE: Road Improvement to Bearden Drive

To: Members of the Corpus Christi Regional Economic Development Corporation Board and
Leaders of the City of Corpus Christi

I'm writing today regarding the proposal to improvement the road condition of Bearden Drive between Suntide Road and Rhew Road. We've been made aware that Hazel's Expedited Freight (also operating as RSK Transport) has put forth a proposal to expand their operation if the ingress and egress from their facility is improved.

We are writing to state our strong support for improvement to Bearden Drive. The current road condition is a significant impairment to our operations as a business on Bearden Drive, and we would certainly appreciate the City's help in improving the condition of the road.

Ideally, we'd love for the road to be repaired with concrete, but if asphalt is the best option available, then we would be happy to have the improvement.

Thanks so much for your consideration,

Sincerely,

John Murphy
Vice President
