	Chipito Street	Local/Residential	50' ROW 28' Paved	40' ROW 30' Paved	N/A

Staff Summary:

Requested Zoning: The applicant is requesting a rezoning from the “RM-1” Multifamily 1 District to the “IL” Light Industrial District to allow for the construction of a laydown yard.

Development Plan: The subject property is 4.23 acres in size. The owner is proposing the construction of a laydown yard.

Existing Land Uses & Zoning: The subject property is currently zoned “RM-1” Multifamily 1 District and consists of vacant land which was formerly a multifamily apartment complex. The subject property was zoned “RM-1” Multifamily 1 District in the early 1970s. The former apartment complex (Northside Manor) was demolished in 2016. The subject property was part of the original founding of the City in 1852. On the same block as the subject property is an existing single-family residence that is currently occupied. To the north across West Broadway Street is the Union Pacific Rail line and a City Wastewater Treatment Plant (Broadway). To the south are single-family homes zoned “RM-1” Multifamily 1 District and “CI” Intensive Commercial District. To the east is a single-family residence zoned “RM-1” Multifamily 1 District. Across North Alameda Street are vacant properties and an abandoned single-family home and commercial building zoned “RM-1” Multifamily 1 District, “RM-2” Multifamily 2 District, and “CI” Intensive Commercial District. To the west are vacant tracts zoned “RM-1” Multifamily 1, “RM-AT” Multifamily AT, and “CN-1” Neighborhood Commercial.

AICUZ: The subject property is **not** located in one of the Navy's Air Installation Compatibility Use Zones (AICUZ).

Plat Status: The property is **not** platted.

Utilities:

Water: 12-inch ACP line located along Sam Rankin Street, a 6-inch ACP line along Chipito Street, a 6-inch ACP line along North Alameda Street, and an 8-inch CIP line along West Broadway Street.

Wastewater: 6-inch VCP line located along Sam Rankin Street, a 6-inch VCP line along Chipito Street, a 6-inch VCP line along North Alameda Street, and an 21-inch VCP line along West Broadway Street.

Gas: 2-inch line located along Sam Rankin Street, a 2-inch line along Chipito Street, a 1-inch line along North Alameda Street, and a 2-inch line along West Broadway Street.

Storm Water: 24-inch line located along Sam Rankin Street.

PlanCC & Area Development Plan Consistency: The subject property is located within the boundaries of the Downtown Area Development Plan (ADP). The proposed rezoning to the "IL" Light Industrial District is inconsistent with the adopted Comprehensive Plan (Plan CC). Specifically, the rezoning is inconsistent with the following policies:

- Support programs to encourage infill development and rehabilitate housing stock in established neighborhoods. (Housing and Neighborhoods Policy Statement 7)
- Support preservation and reuse of historically significant buildings, areas, and sites. (Housing and Neighborhoods Policy Statement 7)
- Encourage the protection and enhancement of residential neighborhoods. (Future Land Use, Zoning, and Urban Design Policy Statement 1)
- Encourage orderly growth of new residential, commercial, and industrial areas. (Future Land Use, Zoning, and Urban Design Policy Statement 1)
- Promote a balanced mix of land uses to accommodate continuous growth and promote the proper location of land uses based on compatibility, locational needs, and characteristics of each use. (Future Land Use, Zoning, and Urban Design Policy Statement 1)
- Promote residential and mixed-use development downtown. (Future Land Use, Zoning, and Urban Design Policy Statement 2)
- Encourage residential infill development on vacant lots within or adjacent to existing neighborhoods. (Future Land Use, Zoning, and Urban Design Policy Statement 3)
- Promote interconnected neighborhoods with appropriate transitions between lower-intensity and higher-intensity land uses. (Future Land Use, Zoning, and Urban Design Policy Statement 3)
- Support the separation of high-volume traffic from residential areas or other noise-sensitive land uses. (Future Land Use, Zoning, and Urban Design Policy Statement 3)
- The former Northside Manor property has been closed following relocation of its affordable housing units to the Palms at Leopard, and the property is up for sale. Depending on the purchaser, this too might provide possibilities for new workforce

housing in a band of development near Staples Street. (Downtown Area Development Plan: Washington-Coles)

Department Comments:

- The proposed rezoning is inconsistent with the adopted Comprehensive Plan (Plan CC).
- The proposed rezoning is incompatible with neighboring properties and with the general character of the surrounding area. The proposed “IL” Light Industrial District constitutes a dramatic increase in the intensity of land uses that is surrounded multifamily zoning districts. The only industrially zoned properties in the Washington-Coles neighborhood are located north of the subject property and across West Broadway Street. The uses are comprised of the Broadway Wastewater Treatment Plant, Union Pacific Railroad, and Concrete Street Amphitheater.
- This proposed rezoning does have a negative impact upon the surrounding neighborhood. An increase in density next to multifamily zoned properties and existing single-family homes to the east and south will potentially subject additional residential homes to hazards such as: noise, smoke, vibration, dust, and odors. At the time of application no additional information has been provided concerning the types of materials to be stored, hours of operation, or levels of potential noise.
- Granting this rezoning to the “IL” Light Industrial District encourages future rezoning cases. The Downtown Area Development Plan (ADP) and Future Land Use Map clearly identify the Washington-Coles neighborhood for residential and small commercial redevelopment. Additionally, the subject property is located to the east and outside of the buyout area affiliated with the new Harbor Bridge project.
- The subject property is isolated with no possible connectivity for heavier truck traffic. West Broadway Street as a “C1” Minor Collector Street is the only street connecting North Port Avenue and State Highway 181 to the subject property. The proposed change of zoning would encourage cut-through heavy truck traffic down Sam Rankin Street or North Alameda Street. Both of these streets are designated as local / residential streets and were not designed to handle the heavy weight of semi-trucks plus the additional weight of the cargo being transported to and from the subject property. Further taking into account the new Harbor Bridge project that will only further encourage truck traffic to route south through either Sam Rankin Street or North Alameda Street to reach the Interstate 37 frontage road.
- Lastly, as mentioned earlier in this report, there are two properties within the block of the subject property that are not part of this proposed rezoning. These properties would remain zoned “RM-1” Multifamily 1 District. One of these remaining properties is an occupied single-family home. Meaning, if the change of zoning were to occur, these properties would be surrounded by the industrial use and exposed to all of the aforementioned hazards of lights, dust, smoke, vibrations, odors, and noise. However, the industrial use would be required to install the zoning district buffer yard of 20-feet and 20 points, as well as a 40-foot setback if a building was to be constructed on-site.

Staff Recommendation:

Denial of the change of zoning from the “RM-1” Multifamily 1 District to the “IL” Light Industrial District.

Si usted desea dirigirse a la comisión durante la junta y su inglés es limitado, favor de llamar al departamento de servicios de desarrollo al número (361) 826-3240 al menos 48 horas antes de la junta para solicitar un intérprete ser presente durante la junta.

**CITY PLANNING COMMISSION
PUBLIC HEARING NOTICE
Rezoning Case No. 0219-02**

HCS 311, LLC, has petitioned the City of Corpus Christi to consider a change of zoning from the **"RM-1" Multifamily 1 District** to the **"IL" Light Industrial District, resulting in a change to the Future Land Use Map**. The property to be rezoned is described as:

1401 North Alameda Street and being 4.1573 acres, more or less, being out of Block C, Colonia Mexicana and Lots 5 and 6, Block Southwest 1/4 C, Colonia Mexicana, located on the east side of Sam Rankin Street, west of South Alameda Street, and north of Interstate 37.

The Planning Commission may recommend to City Council approval or denial, or approval of an intermediate zoning classification and/or Special Permit. Approval of a change of zoning, if inconsistent with the City's Comprehensive Plan, will also have the effect of amending the Comprehensive Plan to reflect the approved zoning.

The Planning Commission will conduct a public hearing for this rezoning request to discuss and formulate a recommendation to the City Council. The public hearing will be held on **Wednesday, February 20, 2019**, during one of the Planning Commission's regular meetings, which begins at **5:30 p.m.**, in the City Council Chambers, 1201 Leopard Street. You are invited to attend this public hearing to express your views on this rezoning request. For more information, please call (361) 826-3240.

TO BE ON RECORD, THIS FORM MUST BE FILLED OUT, SIGNED BY THE CURRENT PROPERTY OWNER(S) AND MAILED IN ITS ENTIRETY TO THE DEVELOPMENT SERVICES DEPARTMENT, P. O. BOX 9277, CORPUS CHRISTI, TEXAS 78469-9277. ANY INFORMATION PROVIDED BELOW BECOMES PUBLIC RECORD.

NOTE: In accordance with the Planning Commission By-Laws, no discussion shall be held by a member or members of this Commission with an applicant or appellant concerning an application or appeal, either at home or office, or in person, by telephone call or by letter.
