

1630 17TH ST. - RESIDENTIAL STRUCTURE

- Substandard case started 7/25/2025.

Structure deemed substandard based on the following findings:

- Structure does not meet the minimum requirements and standards as set forth in the International Property Maintenance Code.
- Exterior structure is not in good repair, is not structurally sound, and does not prevent the elements or rodents from entering the structure.
- Interior of the structure is not in good repair, is not structurally sound, and is not in a sanitary condition.
- Structure is unfit for human occupancy and found to be dangerous to the life, health, and safety of the public

City Recommendation: Demolition of residential structure (Building Survey attached)

Property located in a residential area and a main thoroughfare street. (McKenzie St)

According to NCAD, RoseMary De Luna took possession of property 8/13/2024.

RE: 1630 17th ST (Residential Structures)

Case # V263269-073125

OWNER: DE LUNA ROSE MARY

**Code Compliance Supervisor
Roland Maldonado**

Dear Board Members:

Pursuant to Article II and in accordance with Section 13-22(B), of the Corpus Christi Property Maintenance Code, this Department has initiated and prepared the above listed case for your review and consideration. On **July 25, 2025**, the code official determined that there were reasonable grounds to believe there was a violation(s) of the Corpus Christi Property Maintenance Code or any rule or regulation concerning the health, safety, or general welfare adopted by the city as it relates to structures or premises and gave notice of such alleged violation to the owner of the property. Thirty days have elapsed since the notice of violation(s) was provided and such violation(s) have not been cured.

Staff recommends a hearing be set for not less than ten (10) days or more than forty-five (45) days from the date of this complaint. At this hearing staff recommendation for the above listed property will be repair/**demolition**.

If you have any questions concerning the above, please call (361) 826-3046.

Roland Maldonado
Supervisor
Development Services
Code Compliance Division

VIOLATION(S): 1630 17TH ST

108.1 General. When a structure or equipment is found by the code official to be unsafe, or when a structure is found unfit for human occupancy, or is found to be an unlawful structure, the structure or equipment shall be deemed a threat to the public health, safety or welfare.

108.1.1 Building Standards: For Building Standards refer to City Code §13-20 et seq and City Of Corpus Christi Technical Construction Codes.

108.1.3 Structure unfit for human occupancy. A structure is unfit for human occupancy whenever the code official finds that such structure is unsafe, unlawful or, because of the degree to which the structure is in disrepair or lacks maintenance, is insanitary, vermin or rat infested, contains filth and contamination, or lacks ventilation, illumination, sanitary or heating facilities or other essential equipment required by this code, or because the location of the structure constitutes a hazard to the occupants of the structure or to the public.

108.1.5 Dangerous structure or premises. For the purpose of this code, any structure or premises that has any or all of the conditions or defects described below, but which is not limited to those described below, shall be considered dangerous and may be deemed substandard:

1. Any door, aisle, passageway, stairway, exit or other means of egress that does not conform to the approved building or fire code of this City as related to the requirements for existing buildings.
2. The walking surface of any aisle, passageway, stairway, exit or other means of egress is so warped, worn loose, torn or otherwise unsafe as to not provide safe and adequate means of egress.
3. Any portion of a building, structure or appurtenance that has been damaged by fire, earthquake, wind, flood, deterioration, neglect, abandonment, vandalism or by any other cause to such an extent that it is likely to partially or completely collapse, or to become detached or dislodged, or which cannot be expected to withstand winds of hurricane force.
4. Any portion of a building, or any member, appurtenance or ornamentation on the exterior thereof that is not of sufficient strength or stability, or is not so anchored, attached or fastened in place so as to be capable of resisting natural or artificial loads of one and one-half the original designed value.
5. The building or structure, or part of the building or structure, because of dilapidation, deterioration, decay, faulty construction, the removal or movement of some portion of the ground necessary for the support, or for any other reason, is likely to partially or completely collapse, or some portion of the foundation or underpinning of the building or structure is likely to fail or give way.
6. The building or structure, or any portion thereof, is clearly unsafe for its use and occupancy.
7. The building or structure is neglected, damaged, dilapidated, unsecured or abandoned so as to become an attractive nuisance to children who might play in the building or structure to their danger, becomes a harbor for vagrants, criminals or immoral persons, or enables persons to resort to the building or structure for committing a nuisance or an unlawful act.
8. Any building or structure has been constructed, exists or is maintained in violation of any specific requirement or prohibition applicable to such building or structure provided by the approved building or fire code of the jurisdiction, or of any law or ordinance to such an extent as to present either a substantial risk of fire, building collapse or any other threat to life and safety.
9. A building or structure, used or intended to be used for dwelling purposes, because of inadequate maintenance, dilapidation, decay, damage, faulty construction or arrangement, inadequate light. Ventilation, electrical, mechanical, or plumbing system, or otherwise, is determined by the code official to be insanitary, unfit for human habitation or in such a condition that is likely to cause sickness or disease, including all conditions conducive to the harboring of rats or mice or other disease-carrying animals or insects reasonably calculated to spread disease.
10. Any building or structure, because of a lack of sufficient or proper fire- resistance-rated construction, fire protection systems, electrical system, fuel connections, mechanical system, plumbing system or other cause, is determined by the code official to be a threat to life or health.
11. All buildings or structures which have pit privies where the same are not permitted by law or which are not

connected to the city sewer when required by law or where inadequate and unsanitary pit privies or septic tanks exist.

12. Any portion of a building remains on a site after the demolition or destruction of the building or structure or whenever any building or structure is abandoned so as to constitute such building or portion thereof as an attractive nuisance or hazard to the public.

304.1 General. The exterior of a structure shall be maintained in good repair, structurally sound and sanitary so as not to pose a threat to the public health, safety or welfare.

304.6 Exterior walls. Exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.

304.7 Roofs and drainage. The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
