Analysis & Recommendation

- The proposed rezoning is consistent with the City of Corpus Christi Comprehensive Plan; however, is inconsistent with the land use designation of commercial.
- The applicant's request is compatible with the existing zoning and conforming uses of nearby properties as a general necessity and a use with very limited on-site activities.
- The property to be rezoned is suitable for the use to be permitted by the special permit to be applied. Staff determined that the requested zoning map amendment will not have a negative impact upon the surrounding neighborhood.
