If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

1) Ethics Commission, 2) Planning Commission

Why are you interested in serving on a City board, commission or committee?

Any governing body is prone to corruption without proper checks and balances. I would like to be part of the community voice at the table. One of my mentors once told me, "You don't to complain if you're not willing to put any skin in the game". So this is me putting skin in the game. I would like to learn from the community leaders around me. I want to learn how the city boards and commissions function; and I would like to be part of the group that helps shape the direction of this city.
