USE PRIVILEGE AGREEMENT

STATE OF TEXAS §
 §
COUNTY OF NUECES §

This use privilege agreement ("Agreement") is entered into by and between the City of Corpus Christi ("City"), a Texas home-rule municipal corporation, and Breckenridge Group Corpus Christi Phase II, LP. ("Permittee"), a Texas limited liability company, whose business address is 1301 S. Capital of Texas Highway, Suite B201, Austin, Texas, 78746.

In accordance with Article IX, Section 1, of the City's City Charter and in consideration of payment of Seventy Dollars (\$70.00) paid by Permittee (collectively referred to in this Agreement as "Permittee"), the receipt of which is acknowledged, the City has granted and conveyed, and by these presents does grant and convey to Permittee, for the term and upon the conditions stated in this Agreement, a use privilege for the right to install, operate, maintain, and remove an underground private fiber optic communications cable from the existing Phase 1 property (Oso River Estates Subdivision) located on the north side of Williams Drive and crossing approximately 70 linear feet of the Williams Drive public street right-of-way to the Phase 2 property (Oso River Estates Unit 2 Subdivision), located on the south side of Williams Drive, as shown in Exhibit "A" (plan and profile view). A Copy of Exhibit "A" is attached to this Agreement and incorporated into this Agreement by reference as if fully set out here in their entireties. The area in which the use privilege is granted to locate the Underground Fiber Optic Cable is referred to in this Agreement as the Use Privilege Area.

TO HAVE AND TO HOLD the same unto Permittee, their successors and assigns, together with the right under the conditions specified in this Agreement, to at any time enter upon the above described public right-of-way to maintain the Underground Fiber Optic Cable, and it is further understood that the use privilege granted by this Agreement is subject to the Permittee' compliance at all times with the following conditions:

- A. This Agreement, and the rights granted under the Agreement, may be revoked at any time by the City upon providing the Permittee not less than 60 days notice in writing by the City's City Manager, or his designee ("City Manager"). In the event of a revocation by the City Manager or earlier termination of this Agreement by either party, no portion of any payment made under this Agreement is refundable to the Permittee.

- B. This Agreement is for a term of one (1) year. At the end of the initial term, this Agreement renews automatically for up to four (4) successive annual terms upon the payment of \$70.00 by the Permittee, unless Permittee, or the City provides written notice of intent not to renew to the non-terminating parties at least 60 days before the end of any annual term.

- C. This Agreement may not be assigned by Permittee, either individually or collectively, without the City Manager's prior written consent. Any appropriately approved assignment of this Agreement shall cause all terms and conditions of this Agreement to become binding upon said successor, or assign.
- D. The Permittee shall acquire and maintain at all times for the term of this Agreement insurance coverages pertaining to the Use Privilege Area granted under this Agreement and the activities authorized by this Agreement. The types of required insurance coverages must be in the minimum amounts set forth in the attached Exhibit "B," the substantive content of Exhibit "B" being incorporated by reference into this Agreement as if fully set out here in its entirety. The insurance policies must name the City as an additional insured and may not be canceled, renewed, or materially changed by Permittee unless at least ten (10) days advance written notice has been provided to the City. Upon the City Manager's written request, Permittee shall provide copies of all requested insurance policies to the City's City Attorney. Notwithstanding the foregoing and the content of Exhibit "B", Permittee shall only be required to acquire and maintain workers' compensation insurance to the extent that Permittee has employees.
- E. Should construction be deemed necessary by Permittee in the Use Privilege Area, construction plans and specifications for all proposed work shall be submitted in advance by the Permittee to the City's City Engineer for approval prior to beginning the construction process. The plans must show the depth, and location of the proposed construction and distance from existing water, storm water, wastewater, and gas lines. The Permittee shall also comply with any other laws, rules, regulations, and ordinances applicable to construction in the City and in the public right-of-way, including obtaining all required permits.
- F. Prior to the start of any approved construction, Permittee shall require every contractor and subcontractor to provide a Certificate of Insurance reflecting insurance in coverage amounts as set forth in Exhibit "B", and that all subcontractors of Aspen Heights Construction, LLC. shall be required to carry worker's comp coverage. Additionally, Permittee shall require their contractors and subcontractors to indemnify the City, its officers, officials, employees, representatives, agents, licensees, and invitees in the same manner that Permittee has provided indemnification to the City pursuant to this Agreement.
- G. Permittee shall provide all necessary and proper safety devices so as to prevent injuries or accidents in the Use Privilege Area, in as much as possible.
- H. At least 48 hours prior to beginning any approved construction, Permittee shall contact 1-800-DIG-TESS and the Lone Star Notification Center (1-800-

669-8344), and any other required agency or authority. Additionally, at least 48 hours prior to beginning any approved construction, Permittee shall give notice and verify depth and location of communication lines or communication fiber optic cables, whichever is applicable, to the following:

- City Utility Departments, including Water, Storm Water, Wastewater and Gas;
- American Electric Power (AEP);
- American Telephone and Telegraph (AT&T);
- CenturyTel;
- Time Warner;
- Grande Communications; and
- Any and all other certified telecommunications providers.

A City inspector may request a utility line be uncovered to verify its depth or location.

- I. Any construction process and use of the Use Privilege Area by Permittee shall not interfere with the construction, installation, operation, maintenance, repair, removal or replacement by the City or any of its agents, contractors, or franchisees of any existing or future proposed sidewalks, utility lines, or other uses. If the City or any franchisee with utilities currently located in said public right-of-way needs access to the right-of-way, Permittee shall pay for removing or relocating the Underground Fiber Optic Cable in the Use Privilege Area to allow access to utility lines for maintenance, repair, removal, or replacement of the utility lines. The Permittee shall repair the Use Privilege Area to its original condition or cease to use the Use Privilege Area, at which time this AGREEMENT terminates immediately.
- J. Traffic Engineer requirements pertaining to this Agreement, if applicable in context:
 1. At least 48 hours prior to commencing approved construction, the Permittee shall file and obtain approval for a traffic control plan with the City's Traffic Engineer. No closure or barricading of a public right-of-way or any portion of a public right-of-way may occur before approval of the traffic control plan and, if applicable, approval of a detour or barricade plan has been obtained from the City's Traffic Engineer.
 2. Should Permittee require a trench, pit, or similar excavation be dug during approved construction, the Permittee shall file and obtain approval for barricading said trench, pit, or excavation in accordance with the Texas Manual on Uniform Traffic Control Devices from the City's Traffic Engineer. [See paragraph "P" of this Agreement for additional requirements regarding trenches, pits and similar excavations.]
- K. If, as determined by the City Manager, damage occurs to any gas, water, storm water, or wastewater line, Permittee shall allow the City immediate

access to the Use Privilege Area to perform an assessment, make repairs, or take any other action deemed necessary by the City. Determination of the extent of damage and repairs necessary to restore the utility line(s) shall be made by the City Manager. All costs of the City associated with said damage and repair, including labor and materials, shall be paid by Permittee within 30 days of the City's invoice.

- L. Should construction become necessary near existing water or wastewater lines, Permittee shall take every precaution not to disturb the soil surrounding any such lines, including all thrust blocks.
- M. If any approved work is conducted near any existing water main, it shall be done under the inspection of a City inspector at a daily rate of three-hundred ten dollars and thirty-five cents (\$310.35) for each day spent inspecting construction, installation, maintenance, repair, removal, or replacement in the Use Privilege Area. A half-day, being four hours or more of work time by the City inspector, constitutes a whole working day for purposes of calculation. Any time in excess of eight hours a day, or on Saturday, Sunday or holidays, shall be calculated at a daily rate of fifty-eight dollars and eighteen cents (\$58.18) per hour. Any assessed inspection fees shall be paid by the Permittee to the appropriate City department within 30 days of the City's invoice. These amounts will be adjusted annually each year on August 1 to reflect any pay increases that may be attributable to the rates charged.
- N. At any and all times Permittee shall be solely responsible for the repair and maintenance of the Wastewater Line and Use Privilege Area, including any costs associated with damage occurring due to natural weather elements/occurrences or man-made forces. Should damage occur to the Wastewater Line or Use Privilege Area, regardless of the type of damage, Permittee shall immediately repair the damage upon notice by the City. Failure to so repair terminates this Agreement immediately without any further action needed on the part of the City.
- O. Permittee shall repair, or cause to be repaired, any damage to driveways, culverts, head walls, landscaping, sidewalks, curbs, gutters, and any other structure, public or private, resulting from or caused by reason of construction, installation, maintenance, repair, removal, replacement or operation of the Underground Fiber Optic Cable and Use Privilege Area.
- P. If a trench, pit, or other excavation is required during approved construction, no trenches, pits, or other excavation, other than bore pits, shall be left open overnight, except as specifically authorized by the City's Director of Development Services and City's Engineer. Bore pits are not allowed open for a period of longer than 14 calendar days, regardless of location. All trenches, pits, or other excavations, other than bore pits, shall be backfilled by the Permittee promptly and in accordance with current City standards and specifications and as per the City inspector's request. All trenches, pits, and other excavations, including bore pits, shall be barricaded by the Permittee in

accordance with the Texas Manual on Uniform Traffic Control Devices and as approved by the City's Traffic Engineer. [See paragraph "J.2." for additional requirements pertaining to trenches, pits, and other excavations.]

- Q. If backfilling becomes necessary, all backfill, specifically including that in and around existing utilities, shall be made by Permittee according to current City standards and specifications and as required by a City inspector.
- R. Use of the Underground Fiber Optic Cable authorized by this Agreement is strictly limited to serving Phase 1 (Oso River Estates) and Phase 2 (Oso River Estates Unit 2) properties in the Use Privilege Area. Permittee shall not provide, nor permit anyone else to provide or receive, service through said Underground Fiber Optic Cable or at any facilities within the City other than the properties specifically included in this Agreement without first obtaining a franchise from the City.
