Ethics Commission 6 years this October terming out

Education, Professional and/or Community Activity (Present)

University of Houston Bachelors Degree, Real Estate Broker, Retired Certified Property Manager, Member of the Art Museum. Frequent Del Mar Events with my wife, Janet, who has taught English and ESOL there for 24 years. Frequent the Art Museum and local parks. As a commercial real estate lender and property manager I have done market studies in Dallas, Houston, San Antonio, Denver, Phoenix, Los Angeles, Atlanta, Macon, Jacksonville, Orlando, Tampa, St. Petersburg, Pensacola, and Ft. Walton Beach, in which I evaluated city's amenities and how they influenced property values. These studies made me acutely aware of the importance of public space and park and recreation facilities, and how they bear on a city's image for tourism and keeping and attracting good citizens and businesses. When evaluating Corpus Christi for a business relocation or start-up, a business will always consider the reaction of top talent to the prospect of living in the new location. The quality of public space is an important element. I have a unique perspective on that element due to the study of many cities over the span of my 40+ years in real estate lending and property management.

Completes minor rework of compressor to restore serviceability such as buffing polishing or grinding surfaces to smooth out pits and scratches, bead blasting, shot peening also using proper fixtures for safety measures.

loaned out to paint shop in same building in order to lighten up the overtime .i work well with others, once taught the proper method by Robert Casarez the supervisor in the paint shop i needed little to no supervision. quick learner, I work great under pressure and i have a knowledge of rotor heads or rotor controls. I gained skills particular for the paint shop such as micrometers, calipers dial indicators, techniques to perform surface preparation and coating. invaluable experience with tools, equipment, and/or materials for cleaning, taping brushing, scraping and sealing surfaces such as engines, transmissions, rotor head structures/components, and sheet metal also with preparation and painting all types of surfaces using spray guns, brushes, and rollers Prep surfaces with the accepted methods and techniques, to ensure the required smoothness, level, shape requirements tint tone. i also learned about various agents (for example, retardants, drying agents), and combine coating mixtures to get the proper color, texture, consistency, and drying state. also am more than capable of standing bending walking stooping or sitting for long intervals

03/2007 - 03/2008

Salary: 8.00 USD Per Hour

Hours per week: 40

General Laborer

Duties, Accomplishments and Related Skills:

Place, consolidate, and protect case-in-place concrete or masonry structures.

Position, join, align, and seal structural components, such as concrete wall sections and pipes.

Shovel cement and other materials into portable cement mixers; and mix, pour, and spread concrete.

Signal equipment operators to facilitate alignment, movement, and adjustment of machinery, equipment, and materials.

Smooth and finish freshly poured cement or concrete, using floats, trowels, screeds, or powered cement finishing tools.

Spray materials such as water, sand, steam, vinyl, paint, or stucco through hoses to clean, coat, or seal surfaces.

Tend machines that pump concrete, grout, cement, sand, plaster or stucco through spray-guns for application to ceilings and walls.

Tend pumps, compressors, and generators to provide power for tools, machinery, and equipment, or to heat and move materials such as asphalt.

Lubricate, clean, and repair machinery, equipment, and tools.

Operate, read, and maintain air monitoring and other sampling devices in confined and/or hazardous environments.

Apply caulking compounds by hand or using caulking guns.

Build and position forms for pouring concrete, and dismantle forms after use, using saws, hammers, nails, or bolts.

Clean and prepare construction sites to eliminate possible hazards.

Control traffic passing near, in, and around work zones.

Dig ditches or trenches, backfill excavations, and compact and level earth to grade specifications, using picks, shovels, pneumatic tampers, and rakes.

Erect and disassemble scaffolding, shoring, braces, traffic barricades, ramps, and other temporary structures.

Grind, scrape, sand, or polish surfaces such as concrete, marble, terrazzo, or wood flooring, using abrasive tools or machines.

Install sewer, water, and storm drain pipes, using pipe-laying machinery and laser guidance equipment.

Load, unload, and identify building materials, machinery, and tools, and distribute them to the appropriate locations, according to project plans and specifications.

Measure, mark, and record openings and distances to lay out areas where construction work will be performed.

Mix ingredients to create compounds for covering or cleaning surfaces.

Provide assistance to craft workers, such as carpenters, plasterers, and electricians

Raze buildings and salvage useful materials.

Read and interpret plans, instructions, and specifications to determine work activities.

Use computers and other input devices to control robotic pipe cutters and cleaners.

Identify, pack, and transport hazardous and/or radioactive materials.

Military Police

Duties, Accomplishments and Related Skills:

Leads, manages, supervises, and performs force protection duties, including use of deadly force to protect personnel and resources. Protects nuclear and conventional weapons systems and other resources. Performs air base defense functions contributing to the force protection mission. Controls and secures terrain inside and outside military installations. Defends personnel, equipment, and resources from hostile forces. Operates in various field environments, performs individual, and team patrol movements, both mounted and dismounted, tactical drills, battle procedures, convoys, military operations other than war, antiterrorism duties, and other special duties. Operates communications equipment, vehicles, intrusion detection equipment, crew-served weapons, and other special purpose equipment. Applies self-aid buddy care, life saving procedures, including cardiopulmonary resuscitation, as first responder to accident and disaster scenes.

Provides armed response and controls entry. Detects and reports presence of unauthorized personnel and activities. Implements security reporting and alerting system. Enforces standards of conduct, discipline, and adherence to laws and directives. Directs vehicle and pedestrian traffic. Investigates motor vehicle

accidents, minor crimes, and incidents. Operates speed measuring, drug and alcohol, and breath test devices. Apprehends and detains suspects. Searches persons and property. Secures crime and incident scenes. Collects, seizes, and preserves evidence. Conducts interviews of witnesses and suspects. Obtains statements and testifies in official judicial proceedings. Responds to disaster and relief operations. Participates in contingencies.

Develops plans, policies, procedures, and detailed instructions to implement SF programs. Plans, organizes, and schedules SF activities. Provides oversight, guidance, and assistance to commanders with the application of information, personnel, and industrial security programs. Operates pass and registration activities. Supervises and trains SF augmentees. Provides on-scene supervision for security forces. Inspects and evaluates effectiveness of SF personnel and activities. Analyzes reports and statistics. Leads, manages, supervises, and implements ground weapons training programs. Operates SF armories. Controls and safeguards arms, ammunition, and equipment. Instructs ground weapons qualification training. Provides guidance on weapons placement to security forces and ground defense force commanders. Inspects ground weapons and replaces unserviceable parts. Analyzes malfunctions by inspection and serviceability testing. Uses precision gauges, testing instruments, and special tools to adjust parts and operating mechanisms. Function-fires weapons for accuracy and serviceability. Controls and operates firing ranges and associated facilities to include supervising construction and rehabilitation.

United Wellhead Service

Robstown , TX United States

07/2002 - 11/2002

Salary: 6.50 USD Per Hour

Hours per week: 40

General Laborer

Duties, Accomplishments and Related Skills:

My duties included the preparation of well heads for re manufacturing. I disassembled well head parts and assemblies using various hand tools such as wrenches, screwdrivers, ratchets and sockets, sledge hammer and crow bar. I used steam and pressure washing equipment to clean the disassembled well heads of dirt, grease and grime. I regulated the steam controls to produce the required heat from the heating system. I manually washed lubrication or and cleaned well head parts in tanks of hot/cold cleaning solutions. I also hand cleaned parts with brushes and other hand held tools. I operated a sand blast machine to remove rust and paint. I assisted journeyman in the reassembly of the well heads. Measures, cuts and threads pipes using ruler, hacksaw, pipecutters, and threading machines

I have the skills and knowledge to operate industrial washers, utilizing steam pressure, degreaser solution, steam valve and required solvents to remove dirt, grease and/or paint from a variety of aircraft engine parts, assuring nicks, burrs, and rust pits are removed. Determines proper sequence of cleaning processes and time exposure of parts required to avoid possible damage to parts and meet required degree of cleanliness and removes radiator valves and inspects for defects and repacks valves overall acceptability. Also painting, storage or containerization checking items for obvious wear, cracks, nicks, burrs, or other surface defects; using equipment, solvents, brushes, buffers, scouring pads to clean or sand surfaces; replacing plugs, nuts, gaskets I have the ability to spray parts and equipment with cleaning solution, operating control valves on the steam pressure cleaner and on the degreasing machine to control the flow of steam and cleaning solution. I have previous experience in mixing chemicals and cleaners in solutions and charge pressure pots. I have also operated deburring, vibratory and ultrasonic cleaning machines, using specified media to clean the parts. I can manually wash and clean engine parts in tanks of hot or cold cleaning solutions. I also have the

skills and knowledge to hand clean parts with brushes and other hand tools. I can apply corrosion preventive compound by dipping parts in tanks or vats. I have also the ability to operate power driven wire or cloth brush cleaner. I can mix various cleaning and degreasing solutions such as caustic soda, carbon removing compounds, paint strippers and other cleaning compounds. I also operate bead blast machines using prescribed techniques and instructions when required.

I poses the knowledge of appropriate materials and cleaning agents to utilize in the cleaning process in accordance with types of metals and finish required. I am also knowledgeable of the operation of industrial washers and cleaning equipment.
