INTERLOCAL AGREEMENT

BENEFITS

- Reduction in fees saves taxpayers money.
- Coordination of Traffic related items provide clear direction for City and District early in the process.
- Allowance of projects to permit under the building code at the time of the Bond passing helps control any cost increase related to a new building code changes.
- Clear concise rules help expedite construction.

BENEFITS

- Reduced timelines for plan review and permit issuance provide for quicker turnarounds for construction to begin.
- Review of 90% construction documents provides for reviews and comments before a full permit package is submitted, thus reducing unnecessary delays.
- Expedited portable permitting provides for cost savings and increased flexibility in their use across the district.
- All School District projects will be a DSD priority
