**BACKGROUND :**

In 2011 the City of Corpus Christi Parks & Recreation Department entered into a lease agreement with Foresight Golf to manage the city's two golf courses. This has been a successful partnership for the City of Corpus Christi as Foresight has increased the playability and overall quality of the golfing experience at both courses. In addition, Foresight assumes liability for operational costs and shares revenue with the City helping to re-establish the Golf Fund as an enterprise. Utilizing funds from the Golf Surcharge fee, Foresight has made strategic improvements to the courses in order to increase/stabilize revenues.

This is the annual presentation made by the Parks and Recreation Department and Foresight Golf on the operations and maintenance of the courses, as well as plans for future improvements and programming strategies.
