

# Citywide Street Preventative Maintenance Program Year 3

Council Presentation  
January 26, 2016

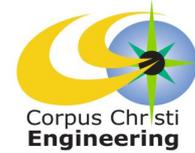

# Project Location

# Project Scope

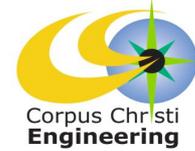

This provides for a Time and Materials contract for the implementation for the Year 3 (2016) work plan with the preparation of construction Delivery Orders (DO's) for approximately 150 streets. The work includes:

- Multiple site visits to every street to investigate and document existing conditions
- Analysis and coordination of all Geotechnical tests and reports for the preparation of detailed DO's
- Recommended street treatments with drawings and detailed quantities of the pavement, base, curb & gutter, striping, driveways, sidewalks, ADA ramps, and surface utilities (Manholes, valve boxes, etc.).
- Conduct multiple on-site meetings and walk-thru's with the City and both sealcoat and overlay contractors to finalize the scope and schedules for the work
- Preparation of bid documents for Year 3 (2016) new sealcoat construction contract with multiple contractors and remaining Year 2 (2015) streets
