Mr. Herrington did not have a safety and clean up update due to construction throughout the marina.

5. [25-1685](#) Advertisement and Marketing

Mr. Stokes was not present, so the report was tabled until the February meeting.

F. Director's Report

In the director's report, Marina Manager Jonathan Atwood advised the Marina office will be closed Monday the 19th for Martin Luther King Jr Day. The holiday break went without any incident. Mr. Atwood brought up the live aboard issue in League City and how that could impact marinas along the Texas Coast. Marina staff will likely take over the task of marine sanitation device inspections, which is a requirement for live aboards, due to local surveyors retiring.

G. Unfinished Business

6. [25-0155](#) Capital Improvement Projects Update

Mr. Atwood advised piles have been installed on C and D docks, shore side utilities are almost done and then they will start on dockside utilities. A likely completion date is the end of February. The fire marshal has yet to sign off on the fire suppression system. The Coopers Alley boater's facility construction contract will go before City Council on January 27th. The haul out and office bid opens on January 28th for contractors. SR Trident has installed the intermediate piles and utilities are getting tied in this week.
