Staff Summary:

Requested Zoning: The applicant is requesting a change of zoning from “RS-6” Single Family 6 District to the “CN-1” Neighborhood Commercial District on Tract 1 and “RM-3” Multifamily 3 District on Tract 2.

Applicant’s Development Plan: In the proposed “RM-3” Multifamily 3 District zoning, the applicant is proposing to develop a multifamily student housing development. The development will consist of 73 individual buildings with a total of 336 bedrooms for housing. The development will include a gym, swimming pool, basketball court and dog park.

In the proposed “CN-1” Neighborhood Commercial District, the applicant is proposing to develop a retail strip center.

Existing Land Uses & Zoning: North of the subject property across and adjacent to Williams Drive is a new multifamily student housing zoned “RM-3” District. South of the subject property is vacant land zoned “RS-6” District. East of the subject property is an existing park and Oso Pony League zoned “FR” Farm Rural District. West of the subject property is vacant land zoned “RS-6” District.

AICUZ: The subject property is **not** located in one of the Navy’s Air Installation Compatibility Use Zones (AICUZ).

Comprehensive Plan & Area Development Plan (ADP) Consistency: The proposed change of zoning is not consistent with the Comprehensive Plan and the adopted Future Land Use Plan, which states the property for a low-density residential use.

Plat Status: The subject property will require platting with all infrastructure and public improvements in accordance with the Comprehensive Plan and all applicable area development plans and master plans.

Department Comments:

- Although the Zoning Map amendments are inconsistent with the Future Land Use Plan, the proposed student housing development will have direct access to a major collector and is compatible with the present zoning and conforming uses of nearby property. The RM-3” Multifamily 3 District also borders an existing sport complex.
- The requested “CN-1” Neighborhood Commercial District is located at the intersection of a major collector and major arterial.
- The requested “RM-3” Multifamily 3 District is an expansion of the existing “RM-3” Multifamily 3 District to the North. The proposed rezoning will have minimum impact to the properties to the south.

Staff Recommendation:

Approval of the change of zoning from the “RS-6” Single Family 6 District to “CN-1” Neighborhood Commercial District on Tract 1 and “RM-3” Multifamily 3 District on Tract 2
