Describe Feedback:	I am writing to express my deep disappointment that this Council has appointed a slate of book banners to the Library Board and that, after the public outcry over this travesty, none of the Council Members who voted for this slate filed a motion to reconsider the appointments. Book banning is a tool of fascists and has no place in a free society. Libraries are bastions of democracy, devoted to freedom of speech and information. Undermining their purpose by appointing book banners was an un-American affront to patriotism and freedom. I am ashamed that our City would do such a thing and fearful of what it portends.

Citizens of Corpus Christi who value democracy will be working hard to elect a future Council that also does. Fascism is not welcome here.

Describe Feedback:	Before you swear in those who you have selected for the Library Board, I hope you will reconsider your choices. You are replacing three loyal and educated board members with people of limited qualifications. With their known agenda of banning books in schools and public libraries, those appointees are pure fascists. They, and then this council, accused the current board of putting books on shelves they consider unacceptable because a child might see something these people don't like. They stress empowering parents, except when they want to take the choices away from these same parents. I hope you will take the time to look at the Collection Development Policy of the Library and

see that the Library Board is NOT a part of that process.

Book banners and book burners have never served society well and those who allow it are destined to cause that society to fail. Think Germany and Italy. Our relatives fought fascism and won. Unfortunately , you are fighting on the side of the fascists.

Name	Kathy Ordner
Address	Street Address: 1626 Westridge Blvd City: Corpus Christi State / Province: TX Postal / Zip Code: 78418
Topic	Library Board Appointees
Agenda Item Number	G
Describe Feedback:	Dear Councilmembers, I am quite concerned about the slate of five new members put on the Library board rather than renew the appointments of three qualified members who have been serving and have extensive qualifications. The slate you pushed through has only one agenda and no qualifications. Mothers For Freedom are all about banning books at their discretion. The freedom of the press and to free speech is guaranteed to all of us per the US Constitution. The choice of reading material is our right as

citizens. A group of crazed women have no right to attempt to deprive us of our legal rights, nor do you.

You defend your attempt at negating our rights by claiming you are protecting our children from being exposed to pornography. However, the movement also attempts to delete history, freedom of religion and freedom of choice.

For your information, school boards and school librarians make choices about books. They seem to have been doing a good job so far protecting our children.

Topic	Congratulations for Newly elected library board elction
Agenda Item Number	General Public Comment
Describe Feedback:	I would like to congratulate the members who elected our new library board. My hope is that the members will closely scrutinize any publicly available materials that our children could be exposed to within our libraries and might be detrimental to their development and mental health. Two of newly elected board members have been associated with the League of Women Voters a very patriotic, inclusive organization with "anti-racist, social justice lens to the issues" of their concern including protection of our children and

other citizens in Corpus Christi.

Many thanks for your insight and actions
