Education, Professional and/or Community Activity (Present)

I currently have my MBA from TAMUCC. I am born and raised in Corpus Christi and I see the growth that is happening in our city, as a local I want to be a part of the amazing change I am seeing. In my current role, I work closely with licensed Medicare brokers and I see the value that my broker partners bring to our senior population. I have recently partnered up with The Senior Companion program and I see the value that these programs bring to our community. I want to be more involved in bringing awareness and resources to our local Coastal Bend community and I feel by being a part of this board I can give back by being the intermediary between seniors/community and things happening in our community. I am on the board of "For the Love of Children" which is put on by HALO-Flight, DPS, and Conviva Care Centers.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

Parks and Rec Arts and Culture

Why are you interested in serving on a City board, commission or committee?

Recently I have gotten more involved with the senior companion program and am mind blown at the selflessness that the companions and the whole senior companion program represent. Not everyone in our community has access to resources and I have found that I enjoy being that resource to our community, whether it be a friend, family member, potential patient, or just being able to educate. We are one community and I want to be the change I want to see, I want to be the advocate that someone wishes they had, and I want to be able to know I did a good deed today. I am growing professionally and personally and I feel being a part of a City committee will only give me more resources to help others in my community.

Why are you interested in serving on a City board, commission or committee?

I am interested in making a meaningful impact on my local community and the City of Corpus Christi. I have always been interested in government and developed that interest with my public administrator degree. I also had a unique experience of graduating from Leadership Corpus Christi which encouraged servant leadership within our community. Serving on a board, commission or committee would provide me with the opportunity to give back to the City and learn from those already in the groups. I have a passion for government and the ability to participate in assisting those in our community.

Education, Professional and/or Community Activity (Present)

I have been a full-time music faculty member at TAMU-CC since 2002. In addition, I have served in various administrative positions over the past 12 years, including as department chair for music, interim chair for art & design, associate dean for the School of Arts, Media, & Communication (SAMC), and in Fall 2023, I will begin a new role as Director of the School of Arts, Media, & Communication. I have been principal flute with the Corpus Christi Symphony Orchestra since 1994 and serve on its Players' Committee as well as on the Board of Directors as a players' representative. I am also a member of the CCSO Marketing Committee. Finally, I have been on the Executive Board of the Texas Association of Music Schools for several years, and currently serve as its President. For a complete list of my experience and activities, please see my attached CV.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

The Arts & Cultural Commission is where my expertise and interest lie.

Why are you interested in serving on a City board, commission or committee?

As a longtime resident of Corpus Christi who is actively involved in the arts, I am interested in continuing the exciting developments that the arts have experienced here over the past several years. With my two daughters now away at college, I have the time to give back to the community that I love by providing service on a City commission. Between our experiences in dance, music, theatre, and the fine arts, my family has been highly involved in and touched by a variety of arts organizations, and I want to build upon those experiences to create even more opportunities for current and future residents of Corpus Christi.
