Staff Summary:

Requested Zoning: The applicant is requesting a rezoning from the “RM-3” Multifamily 3 District to “CG-2” General Commercial District to allow for the construction of offices in the General Commercial District.

Development Plan: The subject property is comprised of 2.84 acres. It is proposed to be developed into office space for the first 215’ of depth along the frontage of Flato Road and beyond that to North Padre Island Drive, a light industrial park is planned.

Existing Land Uses & Zoning: The subject property is “RM-3” Multifamily 3 District and is vacant. The north property is zoned “RM-3” Multifamily 3 District with agricultural use. The property to the south is “IL” Light Industrial District with agricultural use. The west property is zone “IL” Light Industrial District and is vacant. The property to the east, across Flato Road, is zoned “RS-6” Single Family 6 District and has a public/semipublic use as West Oso High School.

AICUZ: The subject property is not located in one of the Navy’s Air Installation Compatibility Use Zones (AICUZ).

Plat Status: The subject property is platted.

PlanCC & Area Development Plan Consistency: The subject property is located within the boundaries of the Westside Area Development Plan (ADP). The proposed rezoning to “CG-2” General Commercial District is consistent with the adopted Westside ADP. The proposed rezoning is consistent with the following policies of the Comprehensive Plan:

- Promote a balanced mix of land uses to accommodate continuous growth and promote the proper location of land uses based on compatibility, locational needs, and characteristics of each use. (Plan CC, Goal 1, Page 50).
- Corpus Christi is able to attract and retain firms because of its competitive assets and supportive business environment. (Plan CC, Goal 2, Page 36).
- High-intensity commercial and industrial areas should be buffered to provide a transition from residential areas through the existence of: f) other transitional land uses. (Westside ADP, Policy Statement C.5).
- Industrial properties should be required to minimize undesirable “spillover effects” into residential and commercial areas by means of property layout and organization of activities. (Westside ADP, Policy Statement C.6)

- Encourage light industrial development in the Westside Study Area where infrastructure is in place and ready to serve development (Westside ADP, Policy Statement E.1, Figure 11)

Department Comments:

- The proposed rezoning is compatible with PlanCC and the Westside Area Development Plan. The proposed rezoning is included in the recommended industrial development outlined in Figure 11 of the Westside ADP.
- From the frontage of Flato Road there is a 215-foot commercial to industrial transition that protects the abutting use of West Oso High School.
- The proposed industrial park is consistent with existing development along North Padre Island Drive.

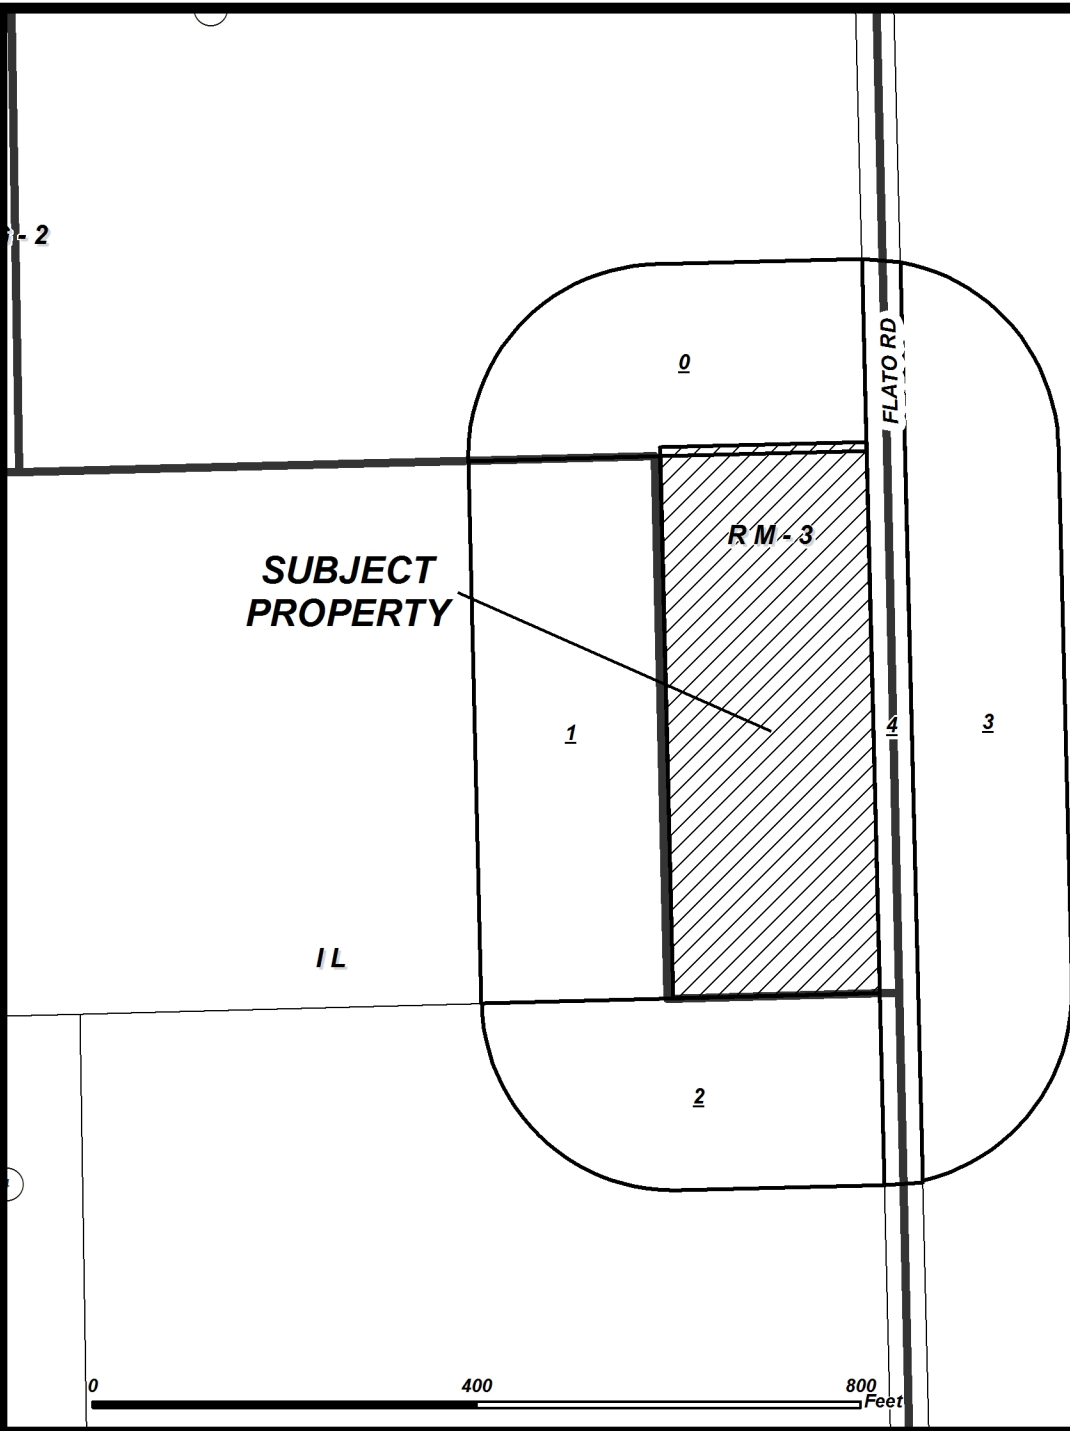

Staff Recommendation:

Approval of the change of zoning from the “RM-3” Multifamily 3 District to the “CG-2” General Commercial District.
