

Wastewater Service Line Repair & Clean-out Installation and Manhole Ring and Cover Adjustment Program FY 2015-2016

**Council Presentation
January 12, 2016**

Location Map

Project Scope

This project supports the ongoing Citywide program to reduce storm water and ground water from the wastewater collection system. The work includes the following:

- Replacement and upgrades to approximately 3,350LF of the existing wastewater cleanouts and pipeline from the cleanout to the City main.
- Repair and adjustment for approximately 165 wastewater manholes and 66 storm water manholes.
- Associated work to include excavation, backfill, pavement repairs, landscaping, etc.
