

Dr. H.C. Dilworth Park Pavilion (CDBG)

Council Presentation
November 19, 2024

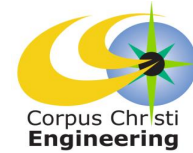

Project Vicinity

Project Scope

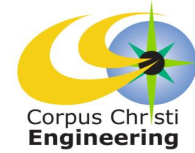

Project scope includes:

- Installation of a 30' x 30' steel pavilion building structure on an engineered 32' x 32' concrete slab, elevated to divert site drainage around the pavilion
- Installation of four (4) LED exterior light fixtures and four (4) electrical receptacles in secure enclosures
- Installation of a 4' concrete sidewalk from the existing sidewalk to the pavilion with a 60" turnaround midway
- Seeding/sodding around the new pavilion and in disturbed areas of construction as required.

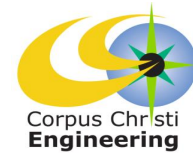

Project Schedule

2024	2024	2024/2025
May – August	September – November	December – March
Design	Bid/Award	Construction

Project schedule reflects construction starting in December 2024 with anticipated completion by March 2025.
