Seeking a faster career path and warmer weather, in 1979 he relocated to Corpus Christi, where he first was employed by the **City of Corpus Christi** as **Chief Design Engineer**. Promoted to **City Engineer** (1987), he moved up to **Assistant City Manager—Public Works & Utilities** (1994), **managing 11 City departments with 1100 employees**.

Significant projects during his tenure include permitting, construction and opening of a 2200-acre regional sanitary landfill; permitting, design and construction of the 104-mile, 64-inch diameter raw water Mary Rhodes Pipeline, from Lake Texana to Corpus Christi, augmenting regional water supply. (Water delivery began 24 months after project authorization, fast-tracked by severe drought nearly depleting storage in two existing reservoirs.) He also helped acquire additional water rights from the Lower Colorado River, and construction of Mary Rhodes Pipeline Phase II.

In 1999, Mr. Crull joined **HDR Engineering** as **Vice President** and Manager of the small Corpus Christi office, successfully diversifying HDR's local services and increasing area client base. In 2005, he originated acquisition of *Shiner Moseley Associates*, a large local firm with port and marine structures, and coastal engineering specialties, significantly increasing HDR's capabilities in the South Texas region and coastal United States. During this period of company-wide acquisitions, HDR, Inc. became a larger national, then global engineering and architecture company. He retired as Marketing Director in 2016.

In 2016, Mr. Crull formed **Crull Engineering, LLC** to continue providing quality consulting engineering and program management services to the community and area.

Mr. Crull has a wealth of experience in municipal water (supply, treatment and distribution) systems, wastewater (collection and treatment) systems, storm drainage systems, streets, airport, public buildings, and marina facilities. He also has experience in the administration of city land use ordinances (platting and zoning). He enjoys excellent working relations with numerous organizations including regional cities, Nueces and San Patricio Counties, Texas Department of Transportation, Texas Commission on Environmental Quality, Port Corpus Christi, FAA, EPA, Texas Water Development Board, Nueces River Authority, a broad base of community leaders and consulting firms.

He currently serves on the **City of Corpus Christi Planning Commission** (City Council appointment); **TWDB Region N Water Supply Planning Group**; **Texas A&M University-Corpus Christi Engineering Advisory Council**; member of TAMU-CC and Texas State Aquarium President's Councils; Downtown Rotary. Previously served on United Way of Coastal Bend Board (12 years, 4 as Treasurer), University of MO Engineering Alumni Board (6 years) and Texas Council of Engineering Companies Board (4 Years)
