Senate Bill 1004

Texas Legislative Session #SB 1004 will limit cities from assessing and collecting fees for use of public right-of-way for wireless facilities.

Effective September 1, 2017, the maximum fee will be \$250 per small cell annually plus a \$38 monthly fee for backhaul devices per SB 1004.

This pilot license agreement provides for \$1,500 license assessment for each small cell listed in the pilot license agreement.

Recommendation

Staff recommends approval
of the ordinance to execute a pilot
license agreement with
Mobilitie, LLC
for wireless facilities and poles in the
right-of-way.
