An aerial photograph of an industrial facility, likely an aircraft manufacturing or maintenance plant. The central feature is a large, dark-colored hangar with a complex roof structure, including a prominent gabled section. Several aircraft are visible on the tarmac in the lower right, with ground support equipment positioned around them. To the left of the hangar, there are various industrial structures and parking areas. A blue callout box with white text points to a specific location on the hangar's roof. The surrounding area includes paved roads, parking lots with numerous cars, and some greenery in the distance.
