

Programmed Water Line Service Life Extension for City-Wide Distribution Repair and Replacement - Indefinite Delivery/Indefinite Quantity (IDIQ) Procurement

Council Presentation
June 14, 2016

Project Location

Project Scope

The City awarded a \$2,300,000 Water Repair & Replacement IDIQ Construction Contract to Clark Pipeline that is now in the 2nd option and anticipated to move into the 3rd option year in the next few months. To meet current and future needs, staff is also recommending a developing an additional Wtr IDIQ Construction Contract. The IDIQ work consists of:

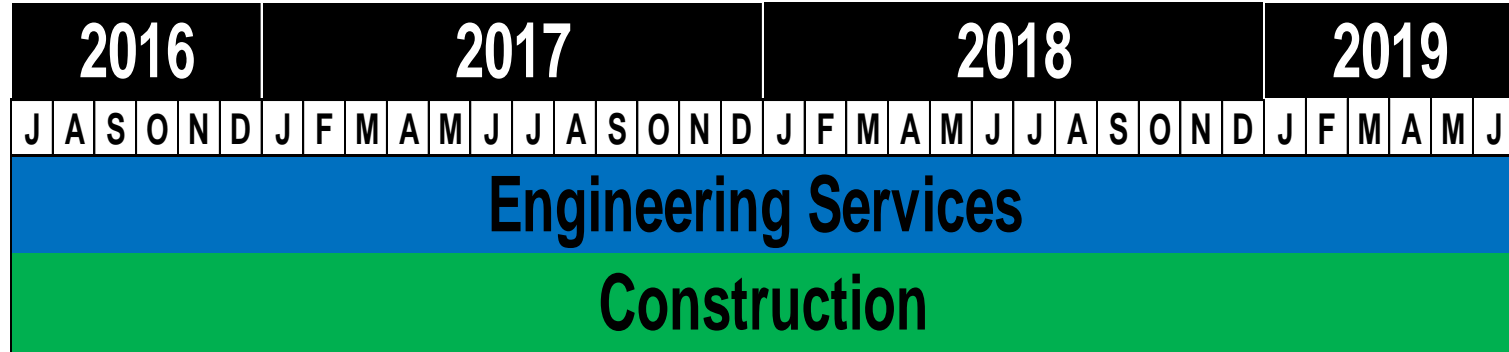

- New waterlines by open trenching, pipe bursting, boring, horizontal directional drilling boring
- New fire hydrants, valves, fittings
- surface restoration of roadways, sidewalks, and other miscellaneous improvements

This action provides for the Engineering Services to support the Wtr IDIQ program including:

- Field investigations & analysis for preparation of additional Delivery Orders for existing construction contract
- Preparation of construction bidding documents for next Wtr IDIQ
- Ongoing Construction and Administrative support

Project Schedule

Project Estimate: 36 Months

Projected Schedule reflects City Council award in June 2016 with construction completion by June 2019.
