BACKGROUND:

In January 2025 a new Congress and Texas Legislature will be sworn into office and initiate new legislative seasons. Historically, leading up to this event, in each even-numbered year the council adopts resolutions creating the city's federal and state policy agendas.

These agendas identify for the council members, city staff, city consultants, and the community the legislative priorities of the city. This presentation will facilitate a discussion by staff on recommendations to modifications to the city's federal and state agenda. Council is scheduled to take action on the resolutions on the following meeting on December 3, 2024.
