

Amendment to the Water Master Plan

Saratoga Ridge Subdivision

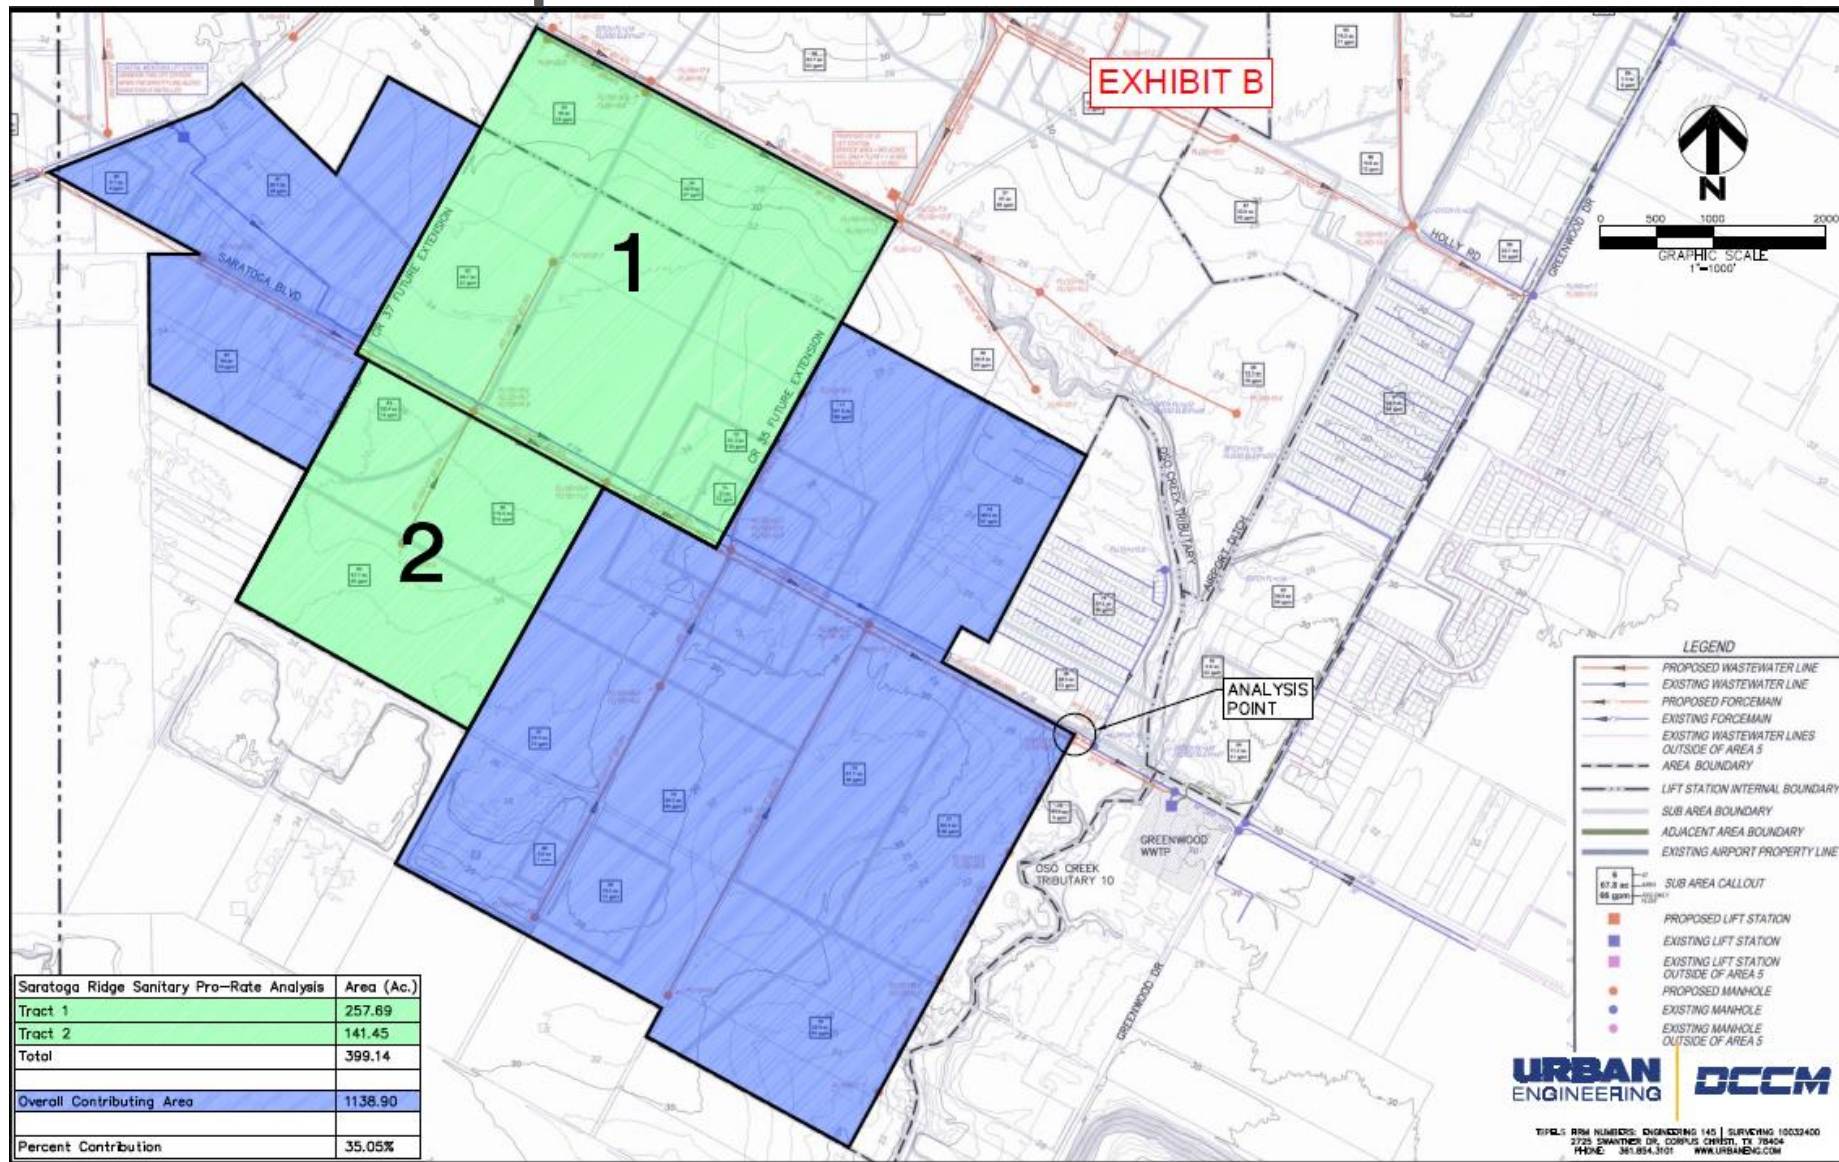

Council Meeting
July 16, 2024

Background

- Braselton and Development and Urban Engineering have requested an amendment to the current water master plan.
- Site total: 257 acres.
- 965 single family residential lots
- Estimated water demand is 833,760 gallons per day at full build
- Amendment adds 1,460 linear feet of master plan water lines along Saratoga Blvd.
- Amendment has been reviewed and approved by Corpus Christi Water

Location Map

Proposed Amendment

Installation of 1,460 Linear Feet of 12" Diameter Water Line

Recommendation

- Staff recommends approval.
 - Design Engineer and owner worked with CCW to develop a plan that would accommodate the water requirements for this location.
 - Reasonable amendment that facilitates development.

The top half of the slide features four horizontal, wavy bands of different shades of blue, creating a water-like effect.

Thank you!
