AEP Texas, Inc. Electric Franchise Fee 5% Increase
--

CAPTION: Ordinance of the City Council of the City of Corpus Christi approving an additional tariff for the recovery of franchise fees not currently being recovered in base rates by AEP Texas Inc.; and finding and determining that the meetings at which this ordinance was considered were open to the public and in accordance with Texas law.

PURPOSE:

The franchise with AEP Texas Inc. approved in January 2009 provides for a franchise fee to be paid to the City at the rate of \$0.002417 per kilowatt hour. The franchise also provided for a franchise factor increase once every four years during the term of the franchise and no such increase has been enacted. The proposed ordinances would raise the franchise fee factor five percent to \$0.0025378 per kilowatt hour. This Agenda item consists of two ordinances. The first ordinance is to establish the additional tariff to increase the franchise fee. The second ordinance amends the franchise to increase the compensation to be paid to the City. AEP has advised that it will take approximately six to nine months to implement the new franchise fee from date of passage of the ordinances. It is estimated that the increase will provide additional \$500,000 franchise fee revenue during a full fiscal year.

BACKGROUND AND FINDINGS:

ALTERNATIVES: Do not increase the franchise fee factor.

OTHER CONSIDERATIONS: Estimated that this increase would increase a 1000 kilowatt bill by approximately 12 cents per month.

CONFORMITY TO CITY POLICY: Yes

EMERGENCY / NON-EMERGENCY: Non-emergency
