Verification

City Code Requirement - As a board, commission, or committee member, you will be asked to adhere to: City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served. Also, City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

☒ I Agree

Consent for Release of Information - I understand that if any member of the public makes a request for information included in this application for appointment it must be disclosed under the Public Information Act. I also understand that it may not be legally possible to maintain the confidentiality of such information, and I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Public Information Act.

☒ I Agree

Oath - I swear that all of the statements included in my application and attached documents, if any, are true and correct.

☒ I Agree

RE: Professional Letter of Reference

To Whom It May Concern:

My name is J.R. "Bob" Fritsch, Jr. and I was the Vice President of Preconstruction and Development, FaulknerUSA, when I worked with Mrs. Rand at the aforementioned company. Notwithstanding Mrs. Rand's résumé, it became immediately apparent through our initial conversations that Mrs. Rand was highly intelligent, well versed in current affairs and ready and willing to accept any challenges that I and/or FaulknerUSA would put forth. Although Mrs. Rand was initially hired as a Field Engineer for the Grand Hyatt in San Antonio, I was able to keep her in my Preconstruction and Development Department as she demonstrated excellent communication skill sets which included very unique writing and speaking abilities. Mrs. Rand's abilities were unique in that she exhibited a very strong knowledge of the various means, methods and specific verbiage exclusive to the Development community, although she had no professional experience. I was in the process of preparing a team of Preconstruction and Development professionals from FaulknerUSA to assist me in a project in Cairo, Egypt. Mrs. Rand had so impressed me with her maturity and motivation that I had included her in my request for human resources. Mrs. Rand was included in the Cairo project and I strongly believe the project and its team benefited from her being there. I believe one of the most telling comments regarding Mrs. Rand's attributes is a comment that Mark Schultz, Owner and CEO of FaulknerUSA, made to me while I was in Egypt. I am paraphrasing his comments; essentially, he commented to me that Mrs. Rand was one of the best resources I had ever hired and that I should not be surprised to find myself working under her direction in the future.

It is with great pleasure that I provide this Letter of Professional Reference for Mrs. Rand. I can think of no one I have been involved with who has shown more promise or who has demonstrated to me the intellectual ability needed to succeed in this industry. Mrs. Rand is highly motivated; she is the incarnate professional. I can attest to both her character and her personality and assure you that Mrs. Rand's work ethics are beyond compare.

Regards,

J.R. Bob Fritsch, Jr

Verification

City Code Requirement - As a board, commission, or committee member, you will be asked to adhere to: City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served. Also, City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

☒ I Agree

Consent for Release of Information - I understand that if any member of the public makes a request for information included in this application for appointment it must be disclosed under the Public Information Act. I also understand that it may not be legally possible to maintain the confidentiality of such information, and I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Public Information Act.

☒ I Agree

Oath - I swear that all of the statements included in my application and attached documents, if any, are true and correct.

☒ I Agree

Board-specific questions (if applicable)

Question applies to WATER RESOURCES ADVISORY COMMITTEE.

Per city ordinance, the committee must include members representing certain categories. Do you qualify for any of the following categories? *

RESUME FOR LARRY L. WHITE

[REDACTED]
[REDACTED]
[REDACTED]

July 16, 2017
Married
Age: 66
Born: May 12, 1950

EDUCATION

- March, 1972 Bachelor of Science in Chemical Engineering from Louisiana Tech University in Ruston, Louisiana.
- August, 1973 Master of Science in Chemical Engineering from Louisiana Tech University in Ruston, Louisiana. Received a Texaco Research Fellowship for my M.S. Degree in Chemical Engineering.
- May, 1976 Master of Science in Environmental (Civil) Engineering from Memphis State University in Memphis, Tennessee.
- 1995 to 2000 Part time graduate student in mathematics at Texas A&M University in Corpus Christi.

DUPONT WORK HISTORY

2012 to Present

I presently work as a part time contract engineer (AllSourcePPE) for DuPont (now Chemours) . In this position I am mentoring new engineers and doing other consulting work.

2007 to 2012

I was assigned to the HFC-152a Process as the Process Engineer. In this position, I ran process tests for energy conservation, product quality, and reactor optimization. I was also assigned to DuPont's Highly Toxic Material (HTM) Cl2 Guardian Committee. My responsibility was to ensure that the Corpus Plant met the DuPont Standards for the safe handling of Cl2. I also audited other DuPont sites (one site was in Asia) for compliance with the DuPont Standards for Cl2.

2006 to 2007

Took a leave of absence from DuPont to teach full time at Texas A&M Corpus Christi.

2001 to 2006

I provided the technical support for HFC-134a Process at the DuPont Corpus Plant. My responsibilities included process tests, optimization, and product quality.

2000 to 2001

Project Team Leader for a new pharmaceutical product at the DuPont Corpus Christi Plant. I managed the design, construction, and start up of the new system. I was responsible that this system complied with the Food & Drug Administration (FDA) regulations.

1992 to 2000

I was assigned to the start up team for a 2nd HFC-134a Process, I worked as a shift engineer and then became the technical lead for this new process. In 1995, in addition to my other responsibilities, I was assigned as the Plant Process Hazards Analysis (PHA) Champion for the Corpus Christi Plant. My responsibility was the coordination of the Plant's PHA program.

1988 to 1992

In 1988 I was assigned to the Project Team to design and build the world's first HFC-134a Manufacturing Facility. This project was in response to the Montreal Protocol (i.e., the ozone depletion issue). Using lab reports and a computer generated flow sheet, I prepared the basic data and design for the middle part of the process. After start up I monitored the process performance, ran process tests, evaluated product quality, provided general support to operations, and followed two expansion projects.

1985 to 1988

In 1985 I transferred to the DuPont Corpus Christi Plant and was assigned to the Aqueous HCl Process. This work involved equipment modifications and process optimization.

1982 to 1985

From 1982 to 1985, I was the Plant Environmental Coordinator at the DuPont Montague Plant in Michigan. This involved permit applications, environmental reports to the State & EPA, compliance monitoring, hazardous waste, air emission inventories, etc.

1973 To 1982

My first assignment was as a process engineer at the DuPont Memphis Plant where I evaluated distillation column performance. I later moved to the Cyanide Waste Treatment System. My last assignment at the Memphis Plant was in the environmental group. In this position I prepared the plant's RCRA permit application and assisted in the preparation of the Plant's NPDES permit application.

WORK HISTORY WITH PINKERTON

For 6 months in 1972, I worked as a construction gate guard at a chemical plant in Baton Rouge, Louisiana. This included shift work on weekends for the main gate and main office building.

WORK HISTORY AT TEXAS A&M-CORPUS CHRISTI (TAMUCC)

During 2006/2007 I was a Visiting Professor at TAMUCC in the Engineering Technology Department. I taught thermodynamics, heat transfer, fluid mechanics, material science, engineering economics, and manufacturing systems. I also organized

the safety rules in the Engineering Technology labs. I received a certificate of appreciation by the Program Coordinator when I left TAMUCC to go back to DuPont. From 2001 to 2006 I was a part time Adjunct Professor at Texas A&M-Corpus in the Engineering Technology Department teaching thermodynamics and heat transfer.

WORK HISTORY AT TEXAS A&M-KINGSVILLE (TAMUK)

I was a part time Adjunct Professor in the Department of Chemical Engineering, Spring 2014, teaching heat transfer and thermodynamics.

I helped start the Engineering Advisory Council for the Dotterweich College of Engineering, Kingsville, and am a Past Chairperson of this Council.

WORK HISTORY AT DEL MAR COLLEGE

I have been a part time instructor in the College's Corporate Services Department. I have taught an Introduction to Corrosion Course and a Technical Writing course at the metal plating shop (Army Depot) for their new technicians.

MILITARY HISTORY

Member of the Coast Guard Reserve from June, 1968, to June, 1974. Honorable Discharge at the rank of Engineman Second Class.

PROFESSIONAL ACTIVITIES AND HONORS

DuPont 2003 Engineering Excellence Honoree

I obtained my Tennessee P.E. License in 1978 and am now a Registered Professional Engineer in Texas.

Member of the American Institute of Chemical Engineers (AIChE). I am a past member of the Safety & Chemical Engineering Education Program (SACChE). This sub-committee works with engineering professors on including safety topics in their courses.

Member of the Texas Society of Professional Engineers (TSPE). I'm the past President for the local TSPE Chapter. I am presently a State Director for TSPE. I've participated in the Society's Math Counts program which helps middle school students become interested in math and engineering.

COMMUNITY ACTIVITIES

Member of the Corpus Christi Veterans Band

Past Member of the Corpus Christi Ethics Commission

Member of the Corpus Christi Bucaraders

Volunteer for KIROS Outside.

Ran for Del Mar Board of Regents (Nov. 2012) and came in 2nd in a field of 4.

Ran for Mayor (Special Election, 2017) and came in 3rd in a field of 8.
