I would like to make an undisputable statement of fact. On November 22, 2023 I submitted the below request along with others to the City. On December 21, 2023 I inspected the documents at the City Hall in the legal department. Below the screen shot of the request, I post copies of some photos I took that day. None of this is made up. All of these are factual documents that the City allowed me to inspect in accordance with the Texas Public Information Act. If a council member wishes to make a "statement of fact" it should be factual and backed up by evidence. Thank you. Please let me know if you have any questions.

Dan - we have to get Gil to tone the MOU down or it will meet stiff opposition from even those who support the idea. As with everything Gil gets way to far into the weeds. At this point I would have a hard time supporting it.

Agreed

Looks good Gil. My only comment isshould we add "alternative"?

This partnership between the Port and the City will extend to any alternative or future desalination plant(s).

Thanks Gil.

Regarding the annual meeting verbiage added towards the end, we still have the very bottom item that mentions regular meetings. However, the "minimum quarterly" is gone. Is that how we want to proceed? Fine either way, but maybe just insert "scheduled" behind regular....?

Thanks for updating.
