Request for reconsideration-Doing it Right by Bronwen Pardes

1. I had heard there were books designed to sexualize children in the children's areas of the library. That is how I found this book. *It was in the YA section of the Garcia Library at Kaffee MS.*
2. Yes
3. The purpose of this book is to encourage children to engage in sexual activity.
4. This is an abuse of our tax dollars to purchase materials such as this that are designed to sexualize children and make them more likely to engage in sex and more likely to be victimized by pedophiles. See page 63 on "Anal Sex" if you think this is an exaggeration.
5. None
6. I have not. I trust my own intellect and morals not the unknown motives of unknown reviewers. I have a MS in Curriculum and Instruction with an emphasis in Reading.
7. Its purpose goes against the basic morality of the majority of taxpayers in Corpus Christi. It is specifically designed to be read by children to lead them into sexual activity. This is not the purpose that books in our public libraries are supposed to serve. This does not "create a sense of shared community" which is in your policy statement. By violating the morality of the community its presence in the library violates the Mission statement of the Corpus Christi Public Libraries.
8. Remove this item from all sections of the library. Books designed to sexually groom children have no place anywhere in the library.
