

# Ordinance Amending Transportation Advisory Board

Council Presentation  
March 31, 2015

# Amendment Scope

- The Transportation Advisory Board, also informally known as Transportation Advisory Committee (TAC), was last updated by Ordinance in 1983.
- TAC has advised City Council on a myriad of transportation issues: Mobility CC, Bond Program street projects, Texas Department of Transportation (TxDOT) highway projects, Corpus Christi Regional Transportation Authority (CCRTA) transit projects and the Corpus Christi Metropolitan Planning Organization (CCMPO) planning studies, including a comprehensive revision of the Bicycle and Pedestrian Plan.
- The update will better define the powers and duties of the Transportation Advisory Commission to effectively advise City Council on transportation issues.
- At the TAC December 22, 2014 meeting, the TAC recommended that City Council amend the Ordinance related to Transportation Advisory Board becoming Transportation Advisory Commission.

# Amendment Highlights Summary

	<b>Ordinance Modifications</b>	<b>Proposed Changes (new)</b>
<b>1</b>	<b>Change</b>	<b>Change name to Transportation Advisory Commission</b>
